

Cancer Committee Activities and Administrative Issues

William Reed, Jr., MD, FACS, Chair
Thomas Tachovsky, MD, FACS, Vice Chair
Vicki Chiappetta, RHIA, CTR, Staff leader

Purpose:

To develop new standards or criteria that reflect the ultimate multidisciplinary team model for cancer care leadership.

To review, revise, and update current standards that focus on the cancer committee's leadership of the program and the administrative responsibilities of the facility in areas such as staff education.

To identify existing standards relating to cancer committee leadership that should become eligibility criteria.

Areas to address:

2.1 Committee authority

2.2 Membership

2.3 Coordinators note—Consider unbundling coordinator responsibilities across other standards or chapters

2.4 Meeting schedule

2.5 Goals

2.10 Quality control of registry data

7.1 Staff education

7.2 Registry staff education
