

Ethical Issues in Clinical Surgery

Edited by Mary H. McGrath, MD, MPH, FACS

Continuing Medical Education Information ***Ethical Issues in Clinical Surgery for Instructors and Practicing Surgeons***

Purpose and Objectives

The purpose of *Ethical Issues in Clinical Surgery* is to provide surgical trainees, surgeon-educators, and practicing surgeons with a resource to help them examine the ethical underpinnings of clinical practice, and address the ethics issues and questions they face every day in caring for their patients. After reading the chapters of *Ethical Issues in Clinical Surgery for Instructors and Practicing Surgeons*, considering the discussion questions, and completing the posttest, learners will be able to discuss important ethical principles as they relate to common clinical scenarios.

Accreditation

The American College of Surgeons is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CME Credit

The American College of Surgeons designates this educational activity for a maximum of 20 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Disclosure Information

In order to comply with the Updated Standards for Commercial Support defined by the Accreditation Council for Continuing Medical Education (ACCME), the ACS has implemented a disclosure process to ensure that anyone in a position to control the content of an educational activity has disclosed all relevant financial relationships with any commercial interest. A commercial interest is defined as any proprietary entity producing health care goods or services consumed by, or used on patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests. Financial relationships are those relationships in which the individual benefits by receiving a salary, royalty, intellectual property rights, consulting fee, honoraria, ownership interest (e.g., stocks, stock options or other ownership interest, excluding diversified mutual funds), or other financial benefit. Financial benefits are usually associated with roles such as employment, management position, independent contractor (including contracted research), consulting, speaking and teaching, membership on advisory committees or review panels, board membership, and other activities from which remuneration is received or expected. The ACCME considers “relevant” financial relationships as financial transactions (in any amount) that may create a conflict of interest and occur within the 12 months preceding the time that the individual is being asked to assume a role controlling content of the educational activity.

The ACCME standards also require that ACS manage any reported conflict and eliminate the potential for bias. The authors and editors for this educational activity have been contacted and any conflicts have been managed. However, participants perceiving a bias are requested to please report the circumstances on the evaluation form.

Authors have also been advised that it is their responsibility to disclose if they will be describing the use of a device, product, or drug that is not FDA approved or the off-label use of an approved device, product, or drug or unapproved usage.

The requirement for disclosure is not intended to imply any impropriety of such relationships, but simply to identify such relationships through full disclosure, and to allow the audience to form its own judgments regarding the presentation.

Disclosure Information

Peter Angelos, MD, PhD, FACS - Nothing to disclose
Ira J. Kodner, MD, FACS - Nothing to disclose
Mary H. McGrath, MD, MPH, FACS - Nothing to disclose
Martin F. McKneally, MD, PhD, FRCSC, FACS - Nothing to disclose
Edmund D. Pellegrino, MD, MACP - Nothing to disclose
Donald A. Risucci, PhD - Nothing to disclose
Ajit K. Sachdeva, MD, FRCSC, FACS - Nothing to disclose
Abraham P. Schwab, PhD - Nothing to disclose
Mark Siegler, MD, FACP - Nothing to disclose

Editors, Contributing Authors and their Credentials

Editors

Editor in Chief

Mary H. McGrath, MD, MPH, FACS
Professor of Surgery, Division of Plastic Surgery
Director, Resident and Fellow Affairs, Graduate Medical Education
University of California San Francisco
San Francisco, CA

Associate Editor

Donald A. Risucci, PhD
Chief, Section of Education and Research
Associate Professor of Surgery
Department of Surgery
New York Medical College
Valhalla, NY

Associate Editor

Abraham P. Schwab, PhD
Assistant Professor
Department of Philosophy
Brooklyn College, City University of New York
Brooklyn, NY

Contributing Authors

Peter Angelos, MD, PhD, FACS
Professor of Surgery
Chief of Endocrine Surgery
Associate Director, MacLean Center for Clinical Medical Ethics
University of Chicago
Chicago, IL

Ira J. Kodner, MD, FACS
Solon and Bettie Gershman Professor of Colon and Rectal Surgery
Director, Center for the Study of Ethics and Human Values
Washington University
St. Louis, MO

Mary H. McGrath, MD, MPH, FACS
Professor of Surgery, Division of Plastic Surgery

System Requirements to Complete CME Questions

For best viewing, use Internet Explorer 6.0 or higher with JavaScript and cookies enabled, a screen resolution set at 800x600, and a 56K or faster modem.

Requirements to Earn CME Credit

To earn CME credit, learners are to read the chapters of *Ethical Issues in Clinical Surgery for Instructors and Practicing Surgeons*, consider the discussion questions, and correctly answer posttest questions online (with unlimited attempts). Following electronic submission of answers and completion of a brief evaluation form, a CME certificate will be available to print. The estimated time required to read the chapters, consider the discussion questions, and complete the posttest questions (6 questions per chapter) is 20 hours.

Dates of Original Release, Most Recent Review or Update

Ethical Issues in Clinical Surgery for Instructors and Practicing Surgeons was released in June 2007; content was reviewed in June 2010, and is certified for credit through June 2013.
