Index to "Bulletin," Volume 45 (1960)

This index includes only the six numbers of Volume 45, 1960, of the American College of Surgeons' Bulletin. By author and subject, it is the fifth annual index to be published, the other four having been for Volumes 40 (1955), 41 (1956), 43 (1958), 44 (1959).

As, in general, the aim of the Bulletin is to disseminate news and information about the College to its Fellows, the subject "American College of Surgeons" in this index takes in only items concerned with College history and administration. Other College activities are listed by name, followed by the letters "A.C.S.," i.e., "Committees, A.C.S.," "Fellows, A.C.S."

ZENKER, RUDOLF

Three Surgeons from Abroad, and Two Americans Receive Honorary Titles. Jan-Feb., 1960, 45:1, 42
Index to "Bulletin," Volume 46, 1961

This index includes only the six issues of Volume 46, 1961, of the American College of Surgeons' Bulletin. By author and subject, it is the sixth annual index to be published, the other five having been Volume 40 (1955), Volume 41 (1956), Volume 43 (1958), Volume 44 (1959), and Volume 45 (1960).

In 1957 was published a cumulative index, which included Volumes 31 through 42, or the years 1946 through 1957. This is still available upon request, and a few copies of an earlier index entitled "Index to the Publications of the American College of Surgeons Since Its Founding, 1913-1945" are available.

As, in general, the aim of the Bulletin is dissemination of news and information about the College to its Fellows, the subject "American College of Surgeons" in this index takes in only items concerned with College history and administration. Other College activities are listed by name, followed by the letters "A.C.S.," i.e., "Committees, A.C.S.," "Fellows, A.C.S."

Index to "Bulletin," Volume 47 (1962)

This index includes only the six numbers of Volume 47, 1962, of the Bulletin. By author and subject, it is the seventh annual index to be published, the others being for Volumes 40 (1955), 41 (1956), 43 (1958), 44 (1959), 45 (1960), and 46 (1961). In 1957 was published a cumulative index, which included Volumes 31 through 42 (1946-57). It is still available upon request; and a few copies of an earlier index entitled "Index to the Publications of the American College of Surgeons Since Its Founding, 1913-1945" are also available.

As, ideally, the aim of the Bulletin is to disseminate news and information about the College to its Fellows, the subject "American College of Surgeons" in this index takes in only items concerned with history and administration. Other A.C.S. activities are listed by name, followed by the letters "A.C.S.,” i.e., "Committees, A.C.S.,” "Fellows, A.C.S.,” etc."

**Author Index**

November • December 1962 Bulletin
Ravdin Institute Is Dedicated

The I. S. RAVDIN INSTITUTE of the Hospital of the University of Pennsylvania was dedicated on June 15. Named for the university’s vice president for medical affairs, the building is one of the most advanced and comprehensive structures ever built for medical research, patient care and teaching. Dr. Ravdin was 1960-61 president of the American College of Surgeons and former chairman of its Board of Regents. Located at Thirty-fourth and Spruce Streets in Philadelphia, the Institute cost $7,700,000.
Index to "Bulletin," Volume 48 (1963)

This index includes only the six numbers of Volume 48, 1963, of the Bulletin. By author and subject, it is the eighth annual index to be published, the others being for Volumes 40 (1955), 41 (1956), 43 (1958), 44 (1959), 45 (1960), 46 (1961) and 47 (1962). In 1957 a cumulative index including Volumes 31 through 42 (1946-1957) was published separately; and is still available upon request.

As the Bulletin attempts to disseminate news and information about the College to its Fellows, the subject "American College of Surgeons" in this index includes only items concerned with history and administration. Other activities are listed separately by name, followed by the letters "A.C.S.," i.e. "Meetings, A.C.S.," "Fellows, A.C.S.," "Committees, A.C.S."

November • December 1963 Bulletin
This November-December 1963 "Bulletin" Goes to

the 25,874 Fellows of the American College of Surgeons; 4,130 members of the Candidate Group; 4,464 hospitals accredited by the Joint Commission on Accreditation of Hospitals and by the Canadian Council on Hospital Accreditation; and 884 medical libraries, science writers and others in some manner affiliated with the medical profession. Distributed only by the College, this bimonthly is not available on a subscription basis either from the College or from magazine agencies. Some back numbers are available. Inquiries are to be addressed to the Editor, BULLETIN, A.C.S., 55 East Erie Street, Chicago, Illinois 60611.
Bulletin of the American College of Surgeons
Index to “Bulletin” Volume 49 (1964)

This Index includes only the six numbers of Volume 49, 1964, of the Bulletin. By author and subject, it is the ninth annual index to be published, the others being for Volumes 40 (1955), 41 (1956), 43 (1958), 44 (1959), 45 (1960), 46 (1961), 47 (1962), and 48 (1963). In 1957 a cumulative index including Volumes 31 through 42 (1946-1957) was published separately; and is still available upon request.

As the Bulletin attempts to disseminate news and information about the College to its Fellows, the subject “American College of Surgeons” in this index includes only items concerned with history and administration. Other activities are listed separately by name, followed by the letters “A.C.S.,” i.e. “Meetings, A.C.S.,” “Fellows, A.C.S.,” “Committees, A.C.S.”

Hand Society to meet January 8 and 9 in New York; Register in Advance

**DOCTORS WHO WISH TO ATTEND** the January 8 and 9 meeting in New York of the American Society for Surgery of the Hand may do so in advance by writing to Raymond M. Curtis, M.D., Secretary-Treasurer, A.S.S.H., 2919 St. Paul Street, Baltimore, Maryland 21218. Registration is open and fee is $10.00.

This Friday and Saturday meeting will be held in the Americana of New York Hotel, 52 Street and Second Avenue. Registrants reserve their own hotel accommodations.

Residents who present a letter signed by their chief of service or hospital director will be registered free of charge.

On January 8 registration will begin at 7:30. The first session will begin promptly at 9:00 when James W. Smith, of New York, discusses the blood supply of tendons with injury, and repair.

Professor J. M. F. Landsmeer, of Leiden, will make the Founders’ Lecture when he speaks Friday morning on the anatomical exploration and functional analysis of the human hand.

President of the Hand Society is Robert M. McCormack, Rochester, New York.
Index to "Bulletin" Volume 50 (1965)

This index includes only the six numbers of Volume 50, 1965, of the Bulletin. By author and subject, it is the tenth annual index to be published, the others being for Volumes 40 (1955), 41 (1956), 43 (1958), 44 (1959), 45 (1960), 46 (1961), 47 (1962), 48 (1963), and 49 (1964). In 1957 a cumulative index including "A.C.S.," i.e., Chapters, A.C.S., Subject "American College of Surgeons" in this index includes only items concerned with this organization's history and administration. Other activities are listed separately by name, followed by the letters "A.C.S.," i.e., Chapters, A.C.S., Clinical Congress, A.C.S., Committees, A.C.S., Publications, A.C.S., Sectional Meetings, A.C.S., Staff, A.C.S.

Index to "Bulletin," Volume 51 (1966)

This index includes only the six numbers of volume 51, 1966, of the Bulletin of the American College of Surgeons. By author and subject, it is the eleventh annual index to be published, the others being for Volumes 40 (1955), 41 (1956), and 43 through 50 (1958 through 1965). In 1957, a cumulative index including Volumes 31 through 42 (1946–57) was published separately. In the June, 1946 Bulletin was published an “Index to the Publications of the American College of Surgeons Since Its Founding, 1913–1945.”

As the Bulletin endeavors to disseminate news and information chiefly about the College to the Fellows, the subject “American College of Surgeons” in this index includes only items concerned with the organization’s history and administration. Other activities are listed separately by name, followed by the letters “A.C.S.,” or Chapters, A.C.S., Clinical Congress, A.C.S., Committees, A.C.S., Publications, A.C.S., Sectional Meetings, A.C.S., Staff, A.C.S.

ARNOLD, HENRY W.
November•December 1966 Bulletin
BULLETIN CONVEYS COLLEGE NEWS TO FELLOWS IN 83 COUNTRIES

This November-December 1966 BULLETIN will take information about the College to 28,140 Fellows and 4,772 Candidates in 83 countries.

Through this bimonthly, the College also communicates with 4,893 accredited hospitals in the United States and Canada.

The BULLETIN is also sent to 901 others including, to name a few, local and foreign journals in exchange, medical school libraries and deans, science writers and editors, and doctors working on A.C.S. scholarships.

For the sixth number of Volume 51, distribution adds up to 38,706.

This official bimonthly is not available by subscription. Letters in this connection should be addressed to the editor.

The first BULLETIN was published in 1916.
This index includes only the six numbers of Volume 52, 1967, of the Bulletin of the American College of Surgeons. By author and subject, it is the twelfth annual index to be published, the others being for Volumes 40 (1955), 41 (1956), and 43 through 51 (1958 through 1966). In 1957, a cumulative index including Volumes 31 through 42 (1946–57) was published separately. In the June, 1946 Bulletin was published an “Index to the Publications of the American College of Surgeons Since Its Founding, 1913–1945.”

As the Bulletin endeavors to disseminate news and information chiefly about the College to the Fellows, the subject “American College of Surgeons” in this index includes only items concerned with the organization’s history and administration. Other activities are listed separately by name, followed by the letters “A.C.S.,” that is, Chapters, A.C.S., and Clinical Congress, A.C.S.

Brooke Formula (See Guide to Initial Therapy of Burns; Burns; Trauma)

Bulletin, A.C.S. (See Publications, A.C.S.)
been ordered to report to me tri-daily for exam-
ination (as I expected he would be) I should
have received him kindly, and reported in
writing, as directed.—My object has ever been
to obey orders of my Superior Officers, only
considering the interests of the public service,
and never regarding self, well aware that per-
sonal feelings and private dignity ought to
yield to public authority.”

**Acquittal**

Several weeks later, the young surgeon was
notified of his victory, as recorded on April 4:
“Commenced snowing about 11 o’clock, but
it soon changed to rain. Dr. Logan visited and
dined with me to-day. I received the following
from the Adj’t about noon: ‘Hd. Qrs. 4th N. C.
Troops, April 4, 1864, SPECIAL ORDER NO.

Surgeon J. F. Shaffner, having
been acquitted of the charges preferred
against him, is released from arrest, and will
report for duty. By order of Col. Grimes, Wm.
S. Barnes, Adj’t.’

“The following is the official notification of
my acquittal, received at Reg’tl Hd. Qrs. ‘Hd.
Qrs. Dept. N. Va., April 2, 1864, Acquittals
by Mil. Ct. 2nd Corps, 5. Dr. J. F. Schaffner,
Surgeon 4th N. C. Troops.’”

But no matter how involved Dr. Shaffner
became with personal problems, he refused to
become inured to man’s suffering.

A poignant entry in the doctor’s diary not
only demonstrated his philosophy, but offered
a creed that healers of the sick can use today
as a reminder of their calling.

“The horrors of the battlefield are bad, but
oh not one particle so affecting as those of the
hospital with wounded. The suffering of the
poor wounded soldier, his prayers, his constant
calls for absent ones at home, &c., are almost
heart-rending. ’Tis true we are apt to become
hardened by association with these things—
still humanity convinces us all that such suffer-
ings are terrible. Surgeons are in evergrowing
danger of becoming too abstract—of losing
sympathy with passing emotions and suffer-
ings, and particularly with those shared by
numbers. The danger is, lest we forget that we
too are mortal; subject to same dangers, and
fancy ourselves superior to our former selves,
because now, at present we do not feel the
pains, the agonies of the poor sufferers in our
charge. But I shall never forget these scenes of
anguish and pain—they make lasting impres-
sions upon my mind.”

---

**Venezuela Chapter Receives Charter**

From left to right are Antonio Clemente H., secretary,
Venezuela Chapter; Ricardo Baquero-Gonzalez;
Leopoldo E. Lopez; Eduardo Carbonell, president;
Fernando Ruben Coronil; and Reinaldo Douaihi, treas-
urer. All are of Caracas. Charter was received in May.
Dr. Lopez is A.C.S. Governor.

When the Bridge on the Ohio Collapsed. Thaler, Donald M. Mar-Apr., 2: 102-103

Tumor Registry
Why a Tumor Registry is Important. Olson, Kenneth B., and Walls, Oscar P., Jr., Sept-Oct., 5: 231-233

Walls, Charles
Honorary Fellowship to Be Conferred on Four. Sept-Oct., 5: 208-209
This index includes only the six numbers of Volume 54, 1969, of the Bulletin of the American College of Surgeons. By author and subject, it is the fourteenth annual index to be published, the others being for Volumes 40 (1955), 41 (1956), and 43 through 53 (1958 through 1968). In 1957 a cumulative index including Volumes 31 through 42 (1946-57) was published separately.

In the June, 1946 Bulletin was published an “Index to the Publications of the American College of Surgeons Since Its Founding, 1913-1945.”

As the Bulletin endeavors to disseminate news and information chiefly about the College to the Fellows, the subject “American College of Surgeons” in this index includes only items concerned with the organization’s history and administration. Other activities are listed separately by name, followed by the letters “A.C.S.,” that is, Chapters, A.C.S., and Clinical Congress, A.C.S.

Some numbers of the Bulletin published during the last ten years are still in supply.

Author Index

Aronow, Saul
Electrical Hazards in the Hospital. July-Aug., 4: 190, 234-235

Bates, David V.

Beck, William C.
Air Systems Requirements are Revised by Hill-Burton Program. May-June, 3: 134-135

Brose, Richard A. (See Youmans, Roger L.)

Conrad, Marshall B. (See Klippel, Allen P.)

Cressman, Ralph D.
Minutes of the Annual Meeting of the Board of Governors. Jan-Feb., 1: 55-57

Dunphy, J. Englebert
International Federation of Surgical Colleges, The. May-June, 3: 165-166

Farrington, J. D., and Hampton, Oscar P.

Hampton, Oscar P. (See Farrington, J.D.)

Hess, Arthur E.
Factors Affecting Graduate Medical Education in 1968. Mar-Apr., 2: 93-95

Holden, William D.
Factors Affecting Graduate Medical Education in 1968. Mar-Apr., 2: 96, 119-122

Holman, Emile

Klippel, Allen P., and Conrad, Marshall B.
