

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
Descriptive	AEI2009	Administrative Considerations When Implementing ACS Skills Curriculum	no	yes	Deborah	Rooney	PhD	Northwestern University								X			
Descriptive	AEI2009	Interprofessional Education: Simulation-based Mass Casualty Exercise	no	no	Rebecca	Wiatrek	MD	Texas A&M / Scott and White									X		
Descriptive	AEI2010	A Novel Basic Open Technical Skills Curriculum with Self- and Expert-administered Assessment Tools	no	no	Andrew	Wright	MD, FACS	University of Washington/ISIS	X		X	X							
Descriptive	AEI2010	Development and Implementation of a System-Wide Central Venous Catheterization Curriculum	no	no	Andrew	Wright	MD, FACS	University of Washington/ISIS	X	X		X	X						
Descriptive	AEI2010	Non-Technical Skills Assessment in the Post Operative Setting	no	no	Bharat	Sharma	MD	University of Toronto			X			X					
Descriptive	AEI2010	The innovative use of consensus methodology to develop a technical skills evaluation tool.	no	no	Vanessa	Palter	MD	University of Toronto	X		X								
Descriptive	AEI2010	The Use of Simulation Hybrids in Skills Teaching and Assessment	no	no	Katherine	Berg	MD	Thomas Jefferson University	X	X	X								
Descriptive	AEI2011	A Curriculum Using Simulation to Teach Interns Paracentesis	no	no	Katherine	Berg	MD	Thomas Jefferson University	X										
Descriptive	AEI2011	Anatomy-focused videos to supplement surgical curriculum	no	no	Anjali	Arora	MD	EVMS	X	X	X		X	X					
Descriptive	AEI2011	Are Medical Students Being Taught Invasive Skills Using Simulation?	no	no	Katherine	Berg	MD	Thomas Jefferson University	X	X	X								
Descriptive	AEI2011	Enlarging the Scope of ACS Accredited Education Institutes for Learners in Different Disciplines	no	no	Bin	Zheng	MD, PhD	CESEI	X	X									
Descriptive	AEI2011	Interdisciplinary team training identified significant discrepancies between institutional policies and clinical practice	no	no	Pamela	Andreatta	PhD	University of Michigan				X	X						
Descriptive	AEI2011	Simulator leads to clinical practice changes for bimanual uterine compression to control	no	no	Pamela	Andreatta	PhD	University of Michigan		X		X							
Descriptive	AEI2011	The Surgical Simulation Fellowship Program: Developing International Surgical Leaders in the Art and Sciences of Simulation	no	no	Robert	Sweet	MD, FACS	University of Minnesota/SimPORTAL	X	X		X							
Descriptive	AEI2012	A comparison of self versus external assessment for technical tasks in surgery.	no	no	Boris	Zevin	MD	University of Toronto			X								
Descriptive	AEI2012	Interprofessional Education: Simulation-based Mass Casualty Exercise	yes	no	J. Scott	Thomas	MD, FACS	Texas A&M / Scott and White	X			X							
Descriptive	AEI2012	LVHN The Level II Accreditation Journey	no	no	Cathynn	Feher	RN, MSN	Lehigh Valley Health Network	X			X							

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research									
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other
Descriptive	AEI2012	Nurse Training with Simulation: An Innovative Approach to Teach Complex Microsurgery Patient Care	no	no	John	Potochny	MD, FACS	Penn State Hershey Medical Center	X	X		X						
Descriptive	AEI2012	Simulation Based Training in High Risk/Low Frequency Situations: A Case Presentation	no	no	Benjamin	Radcliffe	MD	Riverside Methodist Hospital	X	X	X	X	X	X				
Descriptive	AEI2012	Update on the Progress to Establish National and International Collaboration on Curriculum Development - The ASSET and FRS Experience	no	no	Richard	Satava, Jr.	MD, FACS	University of Washington/ISIS	X			X						
Descriptive	AEI2012	Variations in Procedure Time Based on PGY Level of General Surgery Residents	yes	no	Jeremy	Johnson	MD	University of Oklahoma	X	X	X	X			X			
Descriptive	AEI2013	Advanced Training in Laparoscopic Abdominal Surgery (ATLAS): a Systematic Review	yes	no	Laura	Beyer-Berjot	MD	Imperial College London/St. Mary's Hospital		X								
Descriptive	AEI2013	An Interdisciplinary Boot Camp Where Interns and Nurses Learn Together	no	no	Darlene	Bourgeois	MSN, RN	Lahey Health System	X	X		X						
Descriptive	AEI2013	Learning to round before rounds	no	no	William	Yi	MD	SiTEL's Clinical Simulation Center of MedStar Health	X	X	X							
Descriptive	AEI2013	Preparing to Save a Life - Simulation Course for Penetrating Thoracic Trauma in a Low Volume Hospital	no	no	Dmitry	Nepomnayshy	MD, FACS	Lahey Health System	X	X	X							
Descriptive	AEI2013	Surgical Training: Design of a Virtual Care Pathway Approach	yes	yes	Laura	Beyer-Berjot	MD	Imperial College London/St. Mary's Hospital	X	X			X	X				
Descriptive	AEI2013	The Community as a Learner Group	no	no	Cathynn	Feher	RN, MSN	Lehigh Valley Health Network				X	X					
Descriptive	AEI2013	The Effects of the Addition of a Pediatric Surgery Fellow on the Operative Experience of the General Surgery Resident	no	no	Alexander	Raines	MD	Oklahoma University Health Sciences Center		X		X						
Descriptive	AEI2013	The Process and Content of Biostatistical Consultation within Simulation	no	no	Robert	Heidel	PhD	UT Center for Advanced Medical Simulation/UTMCK		X	X	X						
Descriptive	AEI2014	Emergency Medical Simulation Training for the General Dental Resident	no	no	Andrew	Young	DDS, DNB	UT Center for Advanced Medical Simulation/UTMCK	X	X			X					
Descriptive	AEI2014	Maximizing Benefit: Five Strategies for Getting the Most from Your Survey Assessment Instruments	no	no	Patrick	Barlow	BA	UT Center for Advanced Medical Simulation/UTMCK	X			X						
Descriptive	AEI2014	Methods for Increasing the Internal Validity of Assessment in Simulation: Lessons Learned in the Applied Perioperative Surgical Simulation Environment	no	no	Robert	Heidel	PhD	UT Center for Advanced Medical Simulation/UTMCK	X		X	X						
Descriptive	AEI2014	Practicality of Using Galvanic Skin Response to Measure Intra-operative Physiological Autonomic Activation in Operating Room Team Members	no	yes	Roy	Phitayakorn	MD, MEd	MGH		X	X		X					

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
Descriptive	AEI2014	The Implementation of a Body Donation Program to Support Surgical Education at an Accredited Education Institute	no	no	Jirina	Trunekova	BS	Lahey Health System											
Descriptive	AEI2014	The Relationship between Intra-operative Teamwork and Quality of Patient Care	no	yes	Roy	Phitayakorn	MD, MEd	MGH			X	X	X	X					
Descriptive	AEI2014	Worth a thousand words: Google Glass in surgery	no	no	Gabriel	Wallace	MD	University of Washington/ISIS		X			X	X					
Descriptive	AEI2015	A Simulator and two tools: Validation of performance measures from a novel neurosurgery simulator using the current Standards framework	no	yes	Deborah	Rooney	PhD	University of Michigan	X	X	X		X	X					
Descriptive	AEI2015	Creating a Policy Development Methodology Utilizing Simulation and Implementation of an Operating Room Emergency Checklist	no	no	Theodore	Delmonico	MD	Lahey Health System					X						
Descriptive	AEI2015	Pressurized Cadaver Flow Model (PCM): a Novel Model for Endovascular Surgical Training	yes	no	Joseph	Ayers	MD	Navy Medical Center San Diego	X	X									
Descriptive	AEI2015	Surgical Skills Simulation Workshops Enhance the Effectiveness of Surgical Interest Groups	no	no	James	Harmon	MD, PhD	University of Minnesota	X	X									
Descriptive	AEI2015	Teaching Teamwork and Checklists Through Live 'Simulations' in the OR with Intact Care Teams Improves Buy-In	no	no	Jason	Zigmont	PhD	OhioHealth		X	X	X	X						
Descriptive	AEI2015	The Creation of PGY Level Specific FLS Proficiency Benchmarks Allows for Longitudinal Tracking of Multiple General Surgery Milestones Domains	no	no	Donn	Spight	MD, FACS	VirtuOHSU	X	X	X								
Descriptive	AEI2015	The Utility of Electronic Tablets in ATLS Skills Evaluation	yes	no	Marie	Chotiner	BA	CAMLS			X	X							
Descriptive	AEI2016	"Live Cadaver" A realistic training model for practicing neurovascular procedures.& Enhancing surgical skills	no	no	Emad	Aboud	MD	Arkansas Neuroscience Institute											
Descriptive	AEI2016	A Flexible Platform for Building Cumulative Milestone-Based Surgical Resident Portfolios	no	no	Avni	Khatri	BS	MGH	X		X	X							
Descriptive	AEI2016	Serving Up Your Service: How Can YOU Assess Your Trainees?	no	no	Becca	Gas	BS	Mayo Clinic Rochester	X		X	X							
Descriptive	AEI2017	A Comprehensive Surgical Simulation Laboratory Improves Student Preparation for Surgical Internship	no	no	Andrew	Sundin	MD	University of Minnesota	X	X	X								
Descriptive	AEI2017	A novel platform for simulation in transanal robotic surgery	no	no	Ciro	Andolfi	MD	University of Chicago	X										

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
Descriptive	AEI2017	Development of In-Situ Simulation Lab for Training Gynecology Residents in Basic Laparoscopic and Hysteroscopic Operative Skills	no	no	Maria	Molina	MD	San Antonio Military Medical Center	X	X									
Descriptive	AEI2017	Out of the OR and Before the Bench: How to Prepare Surgical Residents for their First Interaction with Attorneys	no	no	Alessandra	Landmann	MD	University of Oklahoma HSC						X					
Descriptive	AEI2017	Point-of-care Bedside Ultrasound Training: Expansion within a Surgical Internship Preparation Curriculum	no	no	Victor	Vakayil	MB, BS	University of Minnesota	X	X	X	X							
Descriptive	AEI2017	Team Based Simulation: Another Tool to Teach Operating Room Fire Safety	yes	no	Vanita	Ahuja	MD, MPH, MBA	Lifebridge Health Sinal Hospital						X					
Descriptive	AEI2017	The Development and Implementation of a Pressurized Cadaver Simulation Curriculum	no	no	Michael	Minneti	BS	USC	X		X								
Descriptive	AEI2017	Unified Field Theory of Health Care Simulation	no	no	David	Hananel	BS	UW-CREST											
Innovative Techniques	AEI2018	Challenges for Maintaining Professionalism When Faced with Patient Discrimination and Harassment by Patients/Caregivers	no	no	Melissa	Cappaert	MA	University of Chicago Medicine	X										
Innovative Techniques	AEI2018	Development and Early Evaluation of a Web-based Pediatric Craniofacial Simulation Course Utilizing a 3D-Printed Surgical Simulator	no	no	Chelsea	Reighard	MS	University of Michigan	X	X		X							
Innovative Techniques	AEI2018	Development, Implementation, and Evaluation of a Competency-Based Urology Bootcamp for Training First-year Urology Residents, A Prospective Cohort Pilot Study with Historical Controls	yes	no	Yuding	Wang	MD	McMaster University	X										
Innovative Techniques	AEI2018	Effects of Sequential, Supervised Simulation Training on the Acquisition and Long-term Retention of Vascular Surgical Skills	no	no	Cara	Lyle	MD	West Virginia University Hospitals	X	X					X				
Innovative Techniques	AEI2018	Efficacy of Simulation-Based Training for Laparoscopic Intraoperative Cholangiography	no	no	Tyler	Sbrocchi	MD	Riverside Methodist Hospital	X	X									
Innovative Techniques	AEI2018	Michigan Hip Curriculum: Early evaluation of a new curriculum for diagnosis of developmental hip dysplasia	no	no	Deborah	Rooney	PhD	University of Michigan	X										
Innovative Techniques	AEI2018	The Use of a Virtual Reality Trauma Simulation to Teach Team Roles and Communication	yes	no	Amy	Sisley	MD	Banner University Medical Center		X									

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
Innovative Techniques	AEI2018	The Use of Virtual Humans in a Simulated OR for Surgical Education	yes	no	Josue	Menard	MD	University of Florida, Jacksonville	X										
Innovative Techniques	AEI2018	Utilizing Brain Stimulation to Enhance Laparoscopic Technical Skills Training: A Randomized Controlled Trial	yes	no	Morgan	Cox	MD, MHS	Duke University		X									
NA	AEI2008	A Multi-Disciplinary Approach to Innovation in Surgical Education	no	no	Rajesh	Aggarwal	MD, PhD, MA, FRCS	Imperial College London				X							
NA	AEI2008	Automated and Centralized Simulation Data Repository	no	no	Woojin	Shim		University of Michigan			X								
NA	AEI2008	Collaboration: Key to the Evolution of Surgical Education	no	no	Marnelle	Alexis	EdD	Duke University Medical Center		X									
NA	AEI2008	Enhancing a General Surgery Residency Curriculum through Integration of an Online Content Management System	no	no	Andreas	Meier	MD, FAAP, FACS	Penn State Hershey Medical Center	X										
NA	AEI2008	Four-Year Curriculum for Urology Residency Training	no	no	Elsbeth	McDougall	MD, FRCSC, MHPE	UC Irvine	X										
NA	AEI2008	Imperial College Competency Assessment Tool (ICCAT)	no	no	Rajesh	Aggarwal	MD, PhD, MA, FRCS	Imperial College London				X							
NA	AEI2008	Implementation and Educational Outcomes for a Central Line Workshop Subtitle: A Simulation Center and Procedural Skills Lab Collaborative	no	no	William	Dunn	MD	Mayo Clinic Rochester				X							
NA	AEI2008	Long-term Impact of the Robot Assisted Laparoscopic Prostatectomy Mini-Residency Training on Post-Graduate Urologic Practice Patterns	no	no	Michael	Louie	MD	UC Irvine				X		X					
NA	AEI2008	LSUHSC-NO Expands Surgical Education through Innovative Developments and Collaborations	no	no	Sheila	Chauvin	MEd	LSUHSC-New Orleans		X									
NA	AEI2008	Proficiency – Targeted Simulation Training of Novice Surgeons Results in Improved Laparoscopic Skills Measured in the Operating Room	no	no	Paul	Gauger	MD	University of Michigan						X					
NA	AEI2008	Regional Collaboration for Technical Skills Training in Surgery Residencies	no	no	Daniel	Scott	MD, FACS	UT Southwestern				X							
NA	AEI2008	Simulation Drives Our General Surgery Training Curriculum: A Work in Progress	no	no	David	Farley	MD, FACS	Mayo Clinic Rochester	X										
NA	AEI2008	The Cognitive Side of Surgery	no	no	Carla	Pugh	MD, PhD, FACS	Northwestern University			X								
NA	AEI2008	The MASTRI Center	no	no	Adrian	Park	MD	MASTRI				X							
NA	AEI2008	University of Minnesota PeriOperative Resource for Training and Learning (SimPORTAL)	no	no	Robert	Sweet	MD, FACS	University of Minnesota/SimPORTAL		X									
NA	AEI2009	A Model for Strengthening Faculty Teaching Effectiveness in a Skills Laboratory	no	no	Debra	DaRosa	PhD	Northwestern University									X		

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
NA	AEI2009	A Novel 3D Video Telemedicine System for Education	no	no	Troy	Reihsen		University of Minnesota/SimPORTAL									X		
NA	AEI2009	Advanced Trauma Operative Management Course: An Exemplar of Simulation Education Scenario Development	no	no	Lenworth	Jacobs, Jr.	MD, MPH, FACS	Hartford Hospital										X	
NA	AEI2009	Critical Response Simulations: Works in Progress	no	no	Jeffrey	Chipman	MD, FACS	University of Minnesota/SimPORTAL										X	
NA	AEI2009	Developing A Performance Assessment Device for the Laparoscopic Transperitoneal Nephrectomy Procedure	yes	no	Elsbeth	McDougall	MD, FRCSC, MHPE	UC Irvine										X	
NA	AEI2009	Development of a Basic Vascular Specific Surgical Skills Laboratory	no	no	Erica	Mitchell	MD, FACS	VirtuOHSU										X	
NA	AEI2009	Development of high-fidelity simulated human tissue for surgical residency training	no	no	Gladys	Fernandez	MD	Baystate Medical Center										X	
NA	AEI2009	External Review and Endorsement in Support of Business Plans for Simulation Centers	no	no	Gerald	Moses	PhD	MASTRI											X
NA	AEI2009	Faculty Retention Strategies at Institute for Simulation and Interprofessional Studies (ISIS)	no	no	Sara	Kim	PhD	University of Washington/ISIS											X
NA	AEI2009	Fundamentals of Robotic Surgery (FRS): Inanimate tasks for robotic surgical skills assessment and training	yes	no	Alvin	Goh	MD	MITIE											X
NA	AEI2009	GEARS: An assessment tool to measure robotic surgical skills	yes	no	Alvin	Goh	MD	MITIE											X
NA	AEI2009	Healthcare Teams Typology	no	no	Pamela	Andreatta	EdD, MFA, MA	University of Michigan											X
NA	AEI2009	Increased Stress Levels May Explain the Incomplete Transfer of Simulator-Acquired Skill to the Operating Room	no	yes	Dimitrios	Stefanidis	MD, PhD, FACS	Carolinas Healthcare System										X	
NA	AEI2009	Introducing team training and crisis management in the surgical residency program.	no	no	Harsh	Grewal	MD, FACS	Temple University Hospital											X
NA	AEI2009	Lessons Learned from 10-year Experience with Postgraduate Courses for Surgeons	no	no	Dimitrios	Stefanidis	MD, PhD, FACS	Carolinas Healthcare System											X
NA	AEI2009	Longterm Impact of a Laparoscopic Renal Surgery Mini-Fellowship on Postgraduate Urologic Practice Patterns.	no	no	Elsbeth	McDougall	MD, FRCSC, MHPE	UC Irvine										X	
NA	AEI2009	Lower Gastrointestinal Endoscopy Simulation Training in a Surgical Skills Training Curriculum	no	no	Raphael	El Youssef	MBBS	VirtuOHSU											X
NA	AEI2009	Methodologies for Establishing Validity in Surgical Simulation Studies	no	yes	Sara	Kim	PhD	University of Washington/ISIS										X	
NA	AEI2009	Organization of a curriculum Designed to Transfer Learning from skills Lab to Bedside	no	no	Debra	DaRosa	PhD	Northwestern University											X

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
NA	AEI2009	Phantom-Based Curriculum for Basics of Interventional Ultrasound	no	no	Todd	Cannon		University of Washington/ISIS									X		
NA	AEI2009	Problem Based Learning (PBL) with Supplemental Interactive Medical Multimedia (PBL-SIMM)	no	no	Dayne	Mickelson		University of Washington/ISIS									X		
NA	AEI2009	Relevance of various components of Surgical Skill Training workshop	no	no	Irene	Yang		Temple University Hospital								X			
NA	AEI2009	Role of Instruction Method in Novices' Acquisition of Minimally Invasive Surgical (MIS) Basic Skills	no	no	John	Paige	MD, FACS	LSUHSC-New Orleans								X			
NA	AEI2009	Simulated Operating Room Crisis during Robotic Surgery using a Completely Portable Human Patient Simulator (HPS)	no	no	Rohan	Joseph		MITIE										X	
NA	AEI2009	The Impact of Stress Factors in Simulation-based Laparoscopic Training"	no	yes	Pamela	Andreatta	EdD, MFA, MA	University of Michigan								X			
NA	AEI2009	Toward "High Stakes" Certification in Central Line Placement: Construct Validation of a Central Line Workshop Performance Metrics	no	no	Yue	Dong		Mayo Clinic Rochester								NA	NA	NA	
NA	AEI2009	Use of a Colonoscopy Simulator to Improve the Learning Curve for General Surgery Residents	no	no	Raphael	El Youssef	MBBS	VirtuOHSU										X	
NA	AEI2009	Use of a Novel Thermal and Visual Facial Mapping System to Measure Stress in Surgeons May Provide a Valuable Metric in Surgical Skills Acquisition	no	no	Rohan	Joseph		MITIE								X			
NA	AEI2009	Validity of Leak Pressure Testing for Bowel Anastomosis Quality	no	no	Aaron	Jensen	MD	University of Washington/ISIS								X			
NA	AEI2009	Workshop Using Standardized Patients to Evaluate the Communication Skills of Surgical Residents	no	no	Sender	Liberman		McGill University									X		
Non-AEI	AEI2010	Assessment of the core competencies in general surgery residents: A single institution experience	no	no	Daniel	Alterman	MD	UT Center for Advanced Medical Simulation/UTMCK				X	X			X			
Non-AEI	AEI2010	Development and Evaluation of an Open Aortic Aneurysm Repair Simulation	no	no	Matt	Jones		UT Center for Advanced Medical Simulation/UTMCK	X	X	X								
Non-AEI	AEI2010	Endovascular Procedure Simulation as an Assessment Tool for Vascular Surgeons	yes	no	David	Dawson	MD, FACS	UC Davis			X								
Original	AEI2009	Can surgical skills training of novice medical students in the laboratory improve their technical skill and satisfaction with their surgical clerkship?	no	no	Harsh	Grewal	MD, FACS	Temple University Hospital								X			

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research											
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other		
Original	AEI2009	Outcome Measures for Surgical Simulators: Is the focus on technical skills the best approach?	yes	yes	Carla	Pugh	MD, PhD, FACS	Northwestern University										X		
Original	AEI2009	Psychometric Analysis of the Phase I ACS/APDS Skills Curriculum, Verification of Proficiency Examination	no	no	Eric	Hungness	MD	Northwestern University											X	
Original	AEI2009	The Theoretical Basis for Fabricating High Fidelity Simulation Tools for Honing Complex Surgical Skills	yes	no	Carla	Pugh	MD, PhD, FACS	Northwestern University											X	
Original	AEI2010	A Comprehensive Curriculum for Advanced Laparoscopic Skills	no	no	Neal	Orzech	MD	University of Toronto		X	X								X	
Original	AEI2010	A Focused and Dedicated One Week Basic Skills Curriculum Is Adequate To Reach The Expected Proficiency Level For First Year Surgery Residents In A Busy Residency Program.	no	no	Ben Selvan	Chandrakaladhar	MS	Penn Medicine Clinical Simulation Center	X	X	X	X								
Original	AEI2010	A low cost simulator to reduce global rates of maternal mortality	no	no	J	Perosky		University of Michigan	X	X				X						
Original	AEI2010	Deconstructing Laparoscopic Competence in a Virtual Reality Simulation Environment	no	yes	Costas	Loukas	PhD	University of Athens			X	X								
Original	AEI2010	Deficiencies of the Surgical Curriculum Exposed	no	no	Paul	Montero	MD	Carolinas Healthcare System	X	X	X	X								
Original	AEI2010	Evaluating the Effectiveness of Virtual Reality Simulation Training in Intravenous Cannulation	no	no	Costas	Loukas	PhD	University of Athens	X	X	X								X	
Original	AEI2010	Improving Surgical Skills Through Simulation Education	no	no	Benjamin	Zendejas		Mayo Clinic Rochester	X	X	X									
Original	AEI2010	Investigating of Surgeon's Vigilance on Patient's Condition Using Eye-Tracking Techniques	yes	no	Bin	Zheng	PhD	CESEI			X			X	X					
Original	AEI2010	Laparoscopic training in the UK Orthopaedic boot camp: Examining the effectiveness of an intensive surgical skills course	no	yes	Ranil	Sonnadara	PhD, MSc	University of Toronto	X	X	X	X							X	
Original	AEI2010	Proving the Value of Secondary Task Metrics for Performance Assessment on Surgical Simulators	yes	no	Dimitrios	Stefanidis	MD, PhD, FACS	Carolinas Healthcare System			X									
Original	AEI2010	Quantifying Surgeon's Contribution to Team Effectiveness on a Mixed Team with a Junior Surgeon	yes	yes	Bin	Zheng	PhD	CESEI	X		X								X	
Original	AEI2010	Simulation-based distance education: practice and challenges	no	no	Valentyna	Koval		CESEI	X	X	X	X								
Original	AEI2010	Simulation-based mock code curriculum correlates with increased pediatric CPA survival rates	no	no	Pamela	Andreatta	EdD, MFA, MA	University of Michigan	X	X		X		X	X					

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
Original	AEI2010	Simulation-based training improves applied clinical placement of ultrasound guided PICCs	no	no	Pamela	Andreatta	EdD, MFA, MA	University of Michigan		X	X			X					
Original	AEI2010	The Current Educational Value of Morbidity & Mortality Conference	no	no	Erica	Mitchell	MD, FACS	VirtuOHSU			X	X							
Original	AEI2010	The Development and Implementation of a Simulation-based Curriculum to Teach Interns Invasive Skills	no	no	Carmen	Sultana	MD, FACS	Thomas Jefferson University	X	X	X	X							
Original	AEI2010	When Do Physicians Learn Invasive Clinical Skills?	no	no	Katherine	Berg	MD	Thomas Jefferson University			X	X							
Original	AEI2011	A Comparison Study of Basic Skills Acquisition with Virtual Reality and Physical Reality Simulation Training	no	no	Constantinos	Loukas	PhD	University of Athens	X	X	X		X						
Original	AEI2011	A Hybrid 3-D VR/Physical Pelvis for Training Surgically Relevant Anatomic Principles	no	no	Erlan	Santos	MD	University of Minnesota/SimPORTAL	X	X	X								
Original	AEI2011	A novel approach to the resident skills curriculum: modules on rare and common procedures linked together with simulators created by the learner.	no	no	Yulia	Zak	MD	Stanford Medical Center	X	X	X								
Original	AEI2011	A Pilot Study on Real-Time Measures of Surgical Motions in Minimally Invasive Surgery	no	no	Michael	Awad	MD, PhD	Washington University School of Medicine		X	X								
Original	AEI2011	A Structured Self-Directed Basic Skills Curriculum for Novices Results in Technical Performance Approaching that of Intermediate-level Residents	no	yes	Andrew	Wright	MD, FACS	University of Washington/ISIS		X	X								
Original	AEI2011	Assessing the Impact of Debriefing on Mental Workload	no	no	Bharat	Sharma	MD	University of Toronto		X	X		X						
Original	AEI2011	Assessing the Value of the State Trait Anxiety Inventory for the Assessment of Intraoperative Stress Associated with Skill Transfer	no	no	Dimitrios	Stefanidis	MD, PhD	Carolinas Healthcare System	X	X									
Original	AEI2011	Augmenting Technical Skills Training Through Applications of Video, Neuro-feedback and Guided Imagery Training	no	no	Ranjan	Sudan	MD	Duke University Medical Center		X									
Original	AEI2011	Behavioral Impact of Inter-Professional Student Operating Room Team Training using High Fidelity Simulation	no	no	John	Paige	MD, FACS	LSUHSC-New Orleans	X	X	X		X						
Original	AEI2011	Can Skills Coaches be Used to Assess Resident Performance in the Skills Laboratory?	yes	yes	Deborah	Rooney	PhDc	Northwestern University	X	X	X

Original	AEI2016	An interactive multicenter multi-national virtual grand rounds for ACS AEI	yes	no	Ivan	George		Anne Arundel			X	X							
Original	AEI2016	Artificial Blood CF1 Demonstrating Reduced Volume Loss for Open Surgery Simulation in Human Cadavers	no	no	Joss	Fernandez	MD, FACS	MO Heart Center											
Original	AEI2016	Cadaveric Dissection vs. Homemade Model: What is the Best Way to Teach Endoscopic Totally Extraperitoneal Inguinal Hernia Repair?	no	no	Yazan	AlJamal	MB, BS	Mayo Clinic Rochester			X	X							
Original	AEI2016	Comparison of FLS Tasks When Training on Standard FLS Platform Versus an Ergonomically Different Platform	no	no	Sarah	Haviland	BS	Walter Reed/Uniformed Svc			X	X							
Original	AEI2016	Computerizing the ATLS® Post-Test: Implications for Further Study	no	no	Jenny	Guido	MD	USF											
Original	AEI2016	CPR Devices & Impact on Infant Chest Compressions	no	no	Carmen	Spalding	PhD	Naval Med Ctr San Diego			X	X							
Original	AEI2016	Crowdsourcing Unmet Needs in Simulation-Based Education and Technology	no	no	Cory	Schaffhausen	PhD	University of Minnesota											
Original	AEI2016	Defining and Simulating Needle Insertion Forces for Percutaneous Renal Access	no	no	Lauren	Poniatowski	MS	University of Minnesota											

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research									
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other
Original	AEI2016	Development of a Laparoscopic Appendectomy Silicone Training Model Using Three-Dimensional Printing Technology	no	no	Jonathan	Dort	MD, FACS	INOVA Health System										
Original	AEI2016	Do Great Teams Think Alike? An Examination of Team Mental Models and their Impact on Team Performance	no	yes	Aimee	Gardner	PhD	UT Southwestern										
Original	AEI2016	Do Non-Technical Skills Improve with Technical Skills Training? A Comparison of Non-Technical Skills Rating and Operative Performance Rating in Simulation	no	no	Rao	Raghavendra	MD	University of Pennsylvania	X		X	X						
Original	AEI2016	Does Musical Instrument Experience Correlate With Higher Performance On The Robot Simulator?	no	no	Antonio	Gangemi	MD, FACS	UIC			X	X						
Original	AEI2016	Does previous exposure to videogames and/or practice with musical instruments influence performance on a virtual simulator for robot-assisted surgery?	no	no	Andrea	Moglia	PhD	EndoCAS										
Original	AEI2016	Effect of Team Training on Resuscitation Times and Critical Errors in Simulated Trauma Following Shipboard Surgical Trauma Training (S2T2) Curriculum—Cumulative Data	no	no	Ross	Mullinax	MD	Rocky Vista University School of Medicine										
Original	AEI2016	Efficacy of a simulation-based training program for improving the communication skills of general surgery and obstetrics and gynecology residents	no	no	Ngan	Nguyen	PhD	Ohio Health			X	X						
Original	AEI2016	Enhancing the realism of a surgical simulation cadaver lab using intravascular pressurization technique	no	no	Lauren	Poniatowski	MS	University of Minnesota										
Original	AEI2016	Evaluation of a Multispecialty, Self-Directed, Simulation-based Learning Program	no	no	Deborah	Rooney	PhD	University of Michigan			X	X						
Original	AEI2016	Faculty perceptions of barriers to completing surgical resident assessments: A multi-institutional qualitative needs assessment	no	no	Laura	Mazer	MD	Stanford University			X	X						
Original	AEI2016	Gelatin paravertebral spine model – A practical design for training general surgery resident's basic skills in placement of a continuous infusion catheter	no	no	Shrunti	Sevak	MD	Beaumont Health System			X	X						
Original	AEI2016	Interprofessional Collaboration Facilitates Enhancements of a Preparation for Internship Curriculum	no	no	Brent	Bauman	MD	University of Minnesota	X		X	X						
Original	AEI2016	Inter-professional Education and Simulation to Improve Knowledge Retention of CAUTI	no	no	Paula	Graling	DNP, RN	INOVA Health System	X		X	X

Work in Progress	AEI2011	Integration of a Curriculum for the Surgeons Training Endoscopic Proficiency (STEP) Program into General Surgery Residency	no	no	Andrew	Kastenmeier	MD	Lahey Health System	X	X										
Work in Progress	AEI2011	Integration of Procedural Skills Simulation and Just In Time Training into an Advanced Physical Diagnosis Program	no	no	Edward	Jasper	MD	Thomas Jefferson University	X	X	X			X						
Work in Progress	AEI2011	Utilization of Simulation Based Training and Objective Structured Assessment of Technical Skills for Credentialing of Central Venous and Arterial Line Placement in the Surgical Intensive Care Unit	no	no	Noaman	Ali	MD	Beaumont Health System	X	X	X			X						
Work in Progress	AEI2012	Initial Steps Towards the Development of a De Novo Simulation-Based Anesthesia Curriculum	no	no	Edwin	Ozawa	MD, PhD	Lahey Health System	X	X				X						
Work in Progress	AEI2012	The Anatomy of Bronchoscopy Simulation: Enhancing Experiential Learning through Embedded Research Algorithms (EMA)	no	no	Robert	Hafey	BS	SiTEL's Clinical Simulation Center of MedStar Health	X	X	X	X	X	X						

AEI Consortium Abstracts Since 2008

Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017); Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research									
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other
Work in Progress	AEI2013	Fundamentals of Laparoscopic Surgery Manual Test: Is videotaped performance assessment an option?	no	no	Deborah	Rooney	PhD	University of Michigan	X		X	X						
Work in Progress	AEI2013	Physician Perception of Frailty and Role in Surgical Risk Assessment	no	no	Mark	Ferguson	MD	University of Chicago	X									
Work in Progress	AEI2013	Pilot Study Using Virtual Reality Simulation to Create a Novel Objective Test Battery of Sensory-motor Skills in Candidates for a Surgical Residency.	no	no	Ben	Roitberg	MD	University of Chicago	X	X	X							
Work in Progress	AEI2014	A Model Curriculum of Immersive Simulation of Airway Emergencies to Enhance Professionalism in Resident Education	no	no	Angela	Blood	MPH, MBA	University of Chicago	X	X	X							
Work in Progress	AEI2015	Dedicated Two Week Proficiency-based Simulation Curriculum for Surgical Residents	no	no	Ryota	Tanaka	MD, PhD	Grainger (NorthShore University)	X	X	X			X				
Work in Progress	AEI2015	Roles of Simulation in Ebola Preparedness Training	no	no	Gladys	Fernandez	MD	Baystate Simulation Center		X		X	X					
Work in Progress	AEI2015	Simulation versus Operating Room: Examining Relations between Emotional States, Learning Processes, and Technical Skills Performance across Training Environments	yes	no	Melissa	Duffy	MA	McGill University		X	X							
Work in Progress	AEI2015	Simulation-based Training for Safety Incidents: Lessons from Analysis of Adverse Events in Robotic Surgical Systems	yes	no	Jaishankar	Raman	MD	Rush University Medical Center (University of Chicago)	X	X			X					
Work in Progress	AEI2015	Teaching Professionalism in Graduate Medical Education: What is the Role of Simulation?	yes	yes	Eisha	Wali	BS	Case Western	X	X		X						
Work in Progress	AEI2016	Direct Anterior Approach THA Course Curriculum: An Interprofessional and Experiential Learning Model	no	no	Lara	Murphy	DPM, BSc(Hons)	CSTAR	X									
Work in Progress	AEI2016	Innovations In 3D Modeling And Surgical Planning In General Surgery	no	no	Ciro	Andolfi	MD	University of Chicago			X	X	X					
Work in Progress	AEI2016	Oh, The Stress of Simulation! Role of Skin Conductance as A Stress Indicator in Surgical Education.	no	no	Monali	Mohan	MD	Mayo Clinic Rochester			X	X						
Work in Progress	AEI2017	A Comparison of Rotation-Integration and Block-time Integration of the ACS/APDS Surgical Skills Curriculum	no	no	George	Ormond	MD	University of Vermont	X	X	X	X						
Work in Progress	AEI2017	Designing and Evaluating an Interpersonal and Communication Skills Curriculum Incorporating ACGME General Surgery Milestones: Opportunities and Challenges in Simulation-Based Approaches	no	no	Paul	Huffstutter	MD, FACS	UTCAMS	X	X	X	X						

AEI Consortium Abstracts Since 2008
Abstracts By Type

Please note, TBD=To Be Determined and NA=Not Available

Abstract Type Key: Descriptive, NA, Non-AEI, Original, Research Idea and Work in Progress (2008-2017);
 Innovative Techniques, Original Paper and Poster Presentation (2018-Current)

Type of Abstract	Abstract Year	Abstract Title	Multi-Institutional Study	Manuscript Published in Surgery	First Name	Last Name	Credentials	Institute	Categories of Research										
									Curriculum Development	Teaching Methods	Learner Evaluations	Program Evaluations	Patient Safety	Surgical Outcomes	Investigation	Education	In-Development	Other	
Work in Progress	AEI2017	Increasing survival of healthcare personnel during an active shooter attack: Establishing Face Validity of an interactive simulation training as a better teaching modality	no	no	Marcos	Molina	MD	University of Minnesota	X										
Work in Progress	AEI2017	Intensive, Integrated Pre-clinical Surgical Immersion Curriculum for Early Exposure to Surgery	no	no	Brittany	Hasty	MD	Stanford University	X		X								
Work in Progress	AEI2017	Operating Room Crisis Checklists: Development of Simulation Training	no	no	Amber	Trickey	PhD, MS	INOVA	X					X					
Work in Progress	AEI2017	Successful Implementation and Improvements Identified with in-situ Simulated Resuscitation Cases	no	no	Robert	Doiron	MD	UC Davis						X					
Work in Progress	AEI2017	The Translation of Simulation-Based Sharps Safety Education to Clinical Surgical Practices	no	no	Melinda	Klar	RN	UTCAMS		X			X	X					
Work in Progress	AEI2017	Trauma Team Performance Training: Development and Pilot of and Interprofessional Monthly Simulation on the Trauma Service	no	no	Tess	Aulet	MD	University of Vermont	X										
Work in Progress	AEI2017	Using 3-D Anatomy Models Facilitates Cross-sectional Radiological Anatomy Learning for Surgery Residents: a randomized controlled crossover trial	no	no	Francisco	Cardenas	MD	Mayo Clinic Rochester	X	X	X
