<b>Experience/Skills Desired:</b>	ACS STB Instructorship

### **ACS STB Workgroup Overview**

The ACS STB Committee advances the ACS Stop the Bleed (ACS STB) Program worldwide by developing and delivering a comprehensive, evidence-based bleeding control training program for public dissemination. The Committee also serves as the lead organization for ACS STB, driving community and organizational outreach; advocating for the adoption, training, and access to bleeding control policies; and supporting research initiatives that strengthen and expand the program’s impact.

### **ACS STB Champion Workgroup Lead Specific Responsibilities**

- Actively promote the principles inclusive excellence in this workgroup and ACS STB.
- As needed, create project-focused workgroups that will convene to fulfill requested deliverables.
- Support the engagement of the ACS STB Program Champions as requested, helping to ensure adequate resources for Champions, and collaborate with the ACS STB leadership to develop and execute programs and processes that promote organization and community ACS STB development.
- Review and adjust recruitment, engagement, and activities of ACS STB Champions in conjunction with the ACS STB leadership and State Chairs.
- Schedule and lead regular meetings of all those recognized as ACS STB Champions.
- Lead processes for the review and recommendation for project team members ensuring engaged membership for continued assignment through ACS COT opportunity board.
- Partner with ACS STB Chair and staff for the execution and recognition of Champion activity.
- Fulfill any demands when the ACS STB Chair is unavailable.
- Fulfill representation of the ACS STB program when requested by Integrated Communications.
- Coordination with the ACS/ACS COT Leadership on Training Center activity.

### **ACS STB Champions Workgroup Deliverable(s)**

- With the ACS STB leadership, develop and implement a process to collect data on the ACS STB Champion activities and utilize the collected data for review and action with the Chair and ACS STB Leaders to report to State Chairs.
- Collection of data points and activities into regular and ad hoc reports for the purpose of understanding champion roles and contributions.

- Monitor ACS STB Instructor Portal for unprocessed training requests and engage state Champion(s) for completion (state request completion rate).
- Monitor State level Training Center activities and report to ACS STB leadership.
