

# TQIP ANNUAL CONFERENCE

December 11-13, 2022 / Phoenix, AZ

Schedule is subject to change. All times are Mountain Standard Time (MST).

Start Time	End Time	IN-PERSON ATTENDEE	VIRTUAL ATTENDEE On-Demand Jan 2023	Session Code	Session Title/Description
<b>SUNDAY, DECEMBER 11</b>					
7:30 AM	8:30 AM	X		BKSU	<b>Attendee Breakfast</b>
8:30 AM	10:00 AM	X	X	GS01	<b>Opening Session</b> Please join us as local Trauma Medical Directors and Trauma Program Managers welcome all to Phoenix. The welcome will be followed by a Trauma Quality Programs update from Dr. Avery Nathens where we will honor the Committee on Trauma's 100 year anniversary.
10:30 AM	12:00 PM	X		BOS1A	<b>Registry Session: What's New for 2023?</b> This session will begin with a review of all the new elements/changes for the upcoming year followed by Case Studies based on these changes. We will briefly cover information about the data quality plan requirement for ACS Verification and end with a discussion about our journey to improve documentation at the center level and what our next steps are.
10:30 AM	12:00 PM	X		BOS1B	<b>Moving from Red to Green: The Value of Waiting for TQIP Results</b> Moving the needle from red to green on a TQIP report takes time. Health care providers often struggle with waiting to see results. Our instinct is to initiate more changes when we don't have immediate improvement. This presentation will share one trauma center's journey with a multidisciplinary clinical quality project of the isolated hip fracture and elderly blunt multisystem cohorts which began with noted quality changes to state and local data while our TQIP results were still within acceptable values. We will show how we monitored multiple data sources to anticipate a future change in our TQIP data and avoid reacting when we saw a dismal TQIP trend during the quality project. Being able to anticipate TQIP changes helped us decrease the unbearable anxiety waiting for results and allowed the team to be more tolerant to avoid the innate need to make more changes too early and patiently wait to see our TQIP values improve.
10:30 AM	12:00 PM	X		BOS1C	<b>A Few Bad Apples Or A Rotten Barrel?</b> This session will explore the events around disruptive behavior in leadership positions within an organization. It will determine the many aspects that cause disruptive behavior and work through the methods of educating and changing the performances of those individuals.
10:30 AM	12:00 PM	X		BOS1D	<b>Pediatric Session</b> In this pediatric-focused session we will dive in to a few topics especially relevant in the care of pediatric trauma. Speakers will present information covering the treatment of vascular injury in pediatric patients, common fractures in kids, and non-accidental trauma.
12:00 PM	1:00 PM				<b>LUNCH ON OWN</b>

Start Time	End Time	IN-PERSON ATTENDEE	VIRTUAL ATTENDEE On-Demand Jan 2023	Session Code	Session Title/Description
1:00 PM	2:00 PM	X	X	GS02	<b>Trauma Survivor</b> Our 2022 Trauma Survivor session takes a new approach this year, and focuses on the story of a pediatric patient and the systems of care that enabled a truly inspiring outcome.
2:30 PM	3:30 PM	X	X	GS03	<b>Keynote Address</b> The 2022 Keynote Address will be presented by Stephen Trzeciak, MD, MPH, a physician scientist, Chief of Medicine at Cooper University Health Care, and Professor and Chair of Medicine at Cooper Medical School of Rowan University in Camden, New Jersey. Dr. Trzeciak studies the scientific effects of compassion on patients, patient care, and those who care for patients. We look forward to sharing his work as it relates to this year's conference theme of "Leadership Promoting Wellness: Taking care of your team to take better care of patients."
3:45 PM	5:00 PM	X	X	GS04	<b>The Quest for Excellence: 100 Years of the COT and the Journey Ahead</b> Join us for a special session celebrating the 100th anniversary of the Committee on Trauma. In this session, we will highlight how the work of the COT has impacted and improved trauma care over the years across the areas of advocacy, the trauma registry, performance improvement, and quality. We will also look ahead and explore what's next in the field of trauma care.
5:00 PM	6:30 PM	X		WRCP	<b>Welcome Reception &amp; Exhibits Open</b>
<b>MONDAY, DECEMBER 12</b>					
7:00 AM	7:45 AM	X		YOGA01	<b>Morning Yoga</b> Start your day with an invigorating and centering yoga session; a mat will be provided. NOTE: This session will take place at the Sheraton Phoenix Downtown. Additional fee and signature of a liability waiver will be required to participate.
7:15 AM	8:15 AM	X			<b>Collaboratives Monday Breakfast</b> Dedicated time for our TQIP Collaboratives to meet individually.
7:30 AM	8:30 AM	X		BKMO	<b>Attendee Breakfast</b>
8:30 AM	10:00 AM	X	X	GS05	<b>TQIP Master Class</b> In the TQIP Master Class session, an evolution of the popular TQIP Academy session from past years, we will hear from centers who have been identified as high performers in the time to transfer and time to OR metrics. Each of these centers will tell the story of how they have achieved these outcomes and what they are doing to maintain good performance. We will also review general best practices in performance improvement to help all attendees improve care at their home institutions.
10:30 AM	12:00 PM	X		BOS2A	<b>Diary of a Data Element</b> This session begins following the development through usage of a data element. We will select one element to showcase (Date of Birth) and discuss why it was included in the dictionary, how it was defined, how the data gets to TQIP, how TQIP and other research projects use the data, as well as all the pitfalls along the way. Then, we will transition to TQIP Jeopardy which will cover all aspects of TQIP including the benchmark report, data quality, new element/changes etc.
10:30 AM	11:30 AM	X		BOS2B	<b>Mortality Reporting Study</b> The Mortality Reporting Study session will include a talk about updates to the platform and lessons learned from the first years of the study. The session will also present three real life cases and evidence-based approaches to avoiding similar outcomes.

Start Time	End Time	IN-PERSON ATTENDEE	VIRTUAL ATTENDEE On-Demand Jan 2023	Session Code	Session Title/Description
10:30 AM	12:00 PM	X		BOS2C	<b>Orthopaedic Session</b> In this session focused on orthopaedic trauma care, we will explore how TQP data and quality metrics can be used to improve processes of care. Additionally, we will discuss the organizational structure and behavior of an orthopaedic team, and compare this with various trauma center orthopaedic team structures.
10:30 AM	12:00 PM	X		BOS2D	<b>Injury Prevention and Outreach</b> Hospital-based injury prevention programs and efforts will be presented in this session, including initiatives around violence and firearms. Other topics of note include a discussion of ACS activities related to injury prevention, as well as social determinants of health in injury prevention.
12:00 PM	1:00 PM	X		LUN	<b>Attendee Networking Lunch</b>
1:00 PM	2:00 PM	X	X	GS06	<b>TQIP Best Practice Guidelines - Mental Health</b> We are pleased to announce this year's new Best Practice Guidelines in Mental Health. This session will cover the topics of substance misuse and intervention, post-injury mental health care, as well as implementation of these new best practice guidelines.
2:30 PM	4:00 PM	X		BOS3A	<b>Oral Abstract Session - Registry</b> This session for Trauma Registrars and Abstractors is a great opportunity to see how others are using TQIP through participant abstract presentations.
2:30 PM	4:00 PM	X		BOS3B	<b>Oral Abstract Session - Performance Improvement 1</b> Quality improvement efforts will be presented in abstract sessions organized into specific topic areas. Once presentations are finalized they will be posted to the TQIP meeting website.
2:30 PM	4:00 PM	X		BOS3C	<b>Oral Abstract Session - Performance Improvement 2</b> Quality improvement efforts will be presented in abstract sessions organized into specific topic areas. Once presentations are finalized they will be posted to the TQIP meeting website.
2:30 PM	4:00 PM	X		BOS3D	<b>Oral Abstract Session - Performance Improvement 3</b> Quality improvement efforts will be presented in abstract sessions organized into specific topic areas. Once presentations are finalized they will be posted to the TQIP meeting website.
4:15 PM	6:15 PM	X		POS	<b>Poster Session and Reception</b>
<b>TUESDAY, DECEMBER 13</b>					
7:15 AM	8:15 AM	X			<b>Collaboratives Tuesday Breakfast</b> Dedicated time for our TQIP Collaboratives to meet individually.
7:30 AM	8:30 AM	X		BKTU	<b>Attendee Breakfast</b>
8:30 AM	10:00 AM	X	X	GS07	<b>Loop Closure</b> This performance improvement session begins with a review of identifying and capturing audit filters and will continue with two trauma centers sharing their experiences of loop closure. The session will end with a discussion of implementing projects for long term change while ensuring that change is sustainable.
10:30 AM	11:30 AM	X	X	GS08	<b>ACS Executive Director Session: Vision for the Future</b> Dr. Patricia Turner, Executive Director of the American College of Surgeons, will share her vision for the future of ACS and honor the legacy of the Committee on Trauma and the ACS Trauma Quality Programs.
11:30 AM	12:00 PM	X	X	GS09	<b>Closing Session</b> Dr. Avery Nathens will wrap-up the meeting by focusing on conference take-homes and the year ahead.
