### *Fellowship Pledge*

Recognizing that the American College of Surgeons seeks to exemplify and develop the highest traditions of our ancient profession, I hereby pledge myself, as a condition of Fellowship in the College, to live in strict accordance with its principles and regulations.

I pledge myself to pursue the practice of surgery with honesty and to place the welfare and the rights of my patient above all else. I promise to deal with each patient as I would wish to be dealt with if I were in the patient's position, and I will set my fees commensurate with the services rendered. I will take no part in any arrangement, such as fee splitting or itinerant surgery, which induces referral or treatment for reason other than the patient's best welfare. Upon my honor, I declare that I will advance my knowledge and skills, will respect my colleagues, and will seek their counsel when in doubt about my own abilities. In turn, I will willingly help my colleagues when requested. Finally, I solemnly pledge myself to cooperate in advancing and extending the art and science of surgery by my Fellowship in the American College of Surgeons.

## The President, 1999–2000

James C. Thompson, MD, FACS, a general surgeon from Galveston, TX, will be installed this evening as the 80th President of the American College of Surgeons. Dr. Thompson is currently the Ashbel Smith Professor of Surgery at the University of Texas Medical Branch in Galveston; professor, department of surgery at the University of Texas (Galveston) School of Medicine; and professor, department of physiology and biophysics at the University of Texas Medical Branch.

Dr. Thompson was born on August 16, 1928, in San Antonio, and he graduated from Hebronville (TX) High School in 1944. He received a Bachelor of Science degree from the Agricultural and Mechanical College of Texas in 1948, and he earned a medical degree from the University of Texas Medical Branch in 1951. Dr. Thompson served an internship at the University of Texas Medical Branch Hospitals from 1951–1952. He served his residency in surgery at the Hospital of the University of Pennsylvania from 1952–1954 and again from 1956–1959. Dr. Thompson took a leave of absence from his medical training from

1954–1956 to serve his country in the United States Army Medical Corps. He served on the surgical service at Valley Forge Army Hospital from December 1954 to January 1955 and as a medical officer for Clearing Company, Fifth Medical Battalion, Fifth Infantry Division, in Munich, Germany, from January to December 1955. He also served in the orthopedic service of the 97th General Hospital in Frankfurt, Germany, from December 1955 to September 1956.

Following military service, Dr. Thompson became an instructor in surgery at the University of Pennsylvania School of Medicine in 1958, and he was appointed assistant professor of surgery at the same institution in 1961. There he was the recipient of the National Institutes of Health Career Development Award in 1961. In 1963, Dr. Thompson went to Harbor General Hospital and became associate professor of surgery at the University of California at Los Angeles School of Medicine and was promoted to professor of surgery in 1967. In 1970, he returned to his alma mater as chief of surgery at the University of Texas Medical Branch Hospitals and as professor and

chairman, department of surgery, at the University of Texas School of Medicine from 1970 to 1995; he was the John Woods Harris Chairman of Surgery at the University of Texas Medical Branch from 1986 to 1995. Dr. Thompson assumed his current positions of professor, department of surgery, University of Texas School of Medicine in 1970; professor, department of physiology and biophysics, University of Texas Medical Branch, in 1975; and Ashbel Smith Professor of Surgery, University of Texas Medical Branch in 1995.

Since becoming a Fellow of the American College of Surgeons in 1961, Dr. Thompson has served the College in various capacities. He has been Chair of the Committee for the Forum on Fundamental Surgical Problems (1977–1978); President of the South Texas Chapter (1981); a member of the Board of Governors (1985–1991); Chair of the Surgical Research and Education Committee (1989–1995); and First Vice-President of the College (1997–1998). He has served as a member of the following College committees: Nominating Committee of Fellows (1982–1983); Nominating Committee of Governors (1986–1988); Scholarships Committee (1988–1995); and Executive Committee of the Program Committee (1985–1995). Dr. Thompson is on the editorial board of the *Journal of the American College of Surgeons*, a position he has held since 1983. In 1996, Dr. Thompson was the recipient of the Distinguished Service Award, the College's highest honor.

In addition to his extensive activities with the American College of Surgeons, Dr. Thompson has been awarded memberships in numerous academic, regional, national, and international medical associations and societies, and he has held leadership positions with many of these groups. He has been president of the American Surgical Association (1991–1992); the James IV Association of Surgeons

(1996–1998); the Society for Surgery of the Alimentary Tract (1982–1983); the Society for Surgical Chairmen (1992–1994); the Southern Surgical Association (1995); and the Texas Surgical Society (1992–1993). He has been associate editor of the *Yearbook of Surgery* (1985–1992), and he has served as an editorial consultant to several medical journals, including the *Annals of Surgery*, *Gastroenterology*, the *New England Journal of Medicine*, and *Surgical Gastroenterology*, in addition to authoring or coauthoring more than 1,000 publications in peer-reviewed journals.

Throughout his notable career, Dr. Thompson has held more than 200 visiting lectureships and professorships across the nation and abroad, including appointments at Harvard Medical School, Duke University, and the University of Chicago in the United States, and at the University of Basel (Switzerland), the University of Paris (France), the University of Kobe (Japan), and the University of Cape Town Medical School (South Africa). He was US–USSR Health Exchange Professor in 1973 and was named Honorary Professor for Life at the University of Beijing in 1991. He has been recognized by his colleagues as demonstrating extraordinary dedication to surgical research and for the nurturing of young surgical investigators in the Dedication of the 1993 Volume of the *Surgical Forum*. His work as a preeminent surgical scientist in the investigation of basic and applied principles of gastrointestinal endocrinology and physiology has contributed immeasurably to the field, attested to by 39 years of continuous research support from the National Institutes of Health and an NIH Merit Award (1986).

Dr. Thompson has five children (Patricia, Jan, Gayle, Jim, and John) and a stepdaughter (Laura). For fun, he raises orchids and bonsai trees—inexpertly, but with enthusiasm.
