

"By setting standards, triennial inspections, and a series of educational activities, the NAPBC strives to provide patients with diseases of the breast with the best care possible in their local breast centers."

SCOTT H. KURTZMAN, MD FACS

*Chair, National Accreditation Program
for Breast Centers*

NAPBC Mission

The National Accreditation Program for Breast Centers (NAPBC) represents a collection of national, professional organizations dedicated to the quality of care of patients with diseases of the breast.

ACCREDITED BREAST CENTER

Quality Breast Care Focused on You

The National Accreditation Program for Breast Centers (NAPBC) represents a collection of national, professional organizations dedicated to the quality of care of patients with diseases of the breast.

By receiving care at this NAPBC-accredited center, you can be confident your breast care team includes dedicated medical professionals from all necessary specialties who will work together to provide you with the best care available throughout your care journey.

Learn more about quality breast care

For information on resources and services provided by this NAPBC-accredited breast center, please contact a staff member in this office.

For information about the NAPBC and a complete list of NAPBC-accredited breast centers, visit facs.org/napbc.

At this NAPBC-accredited center, you'll find the full range of medical services and team approach to care you need to receive the best possible care.

Access the Most Up-to-Date, Comprehensive Care

Being cared for at this NAPBC-accredited breast center means that you'll receive:

Comprehensive, personalized, and coordinated care provided by a team of specialists

Continuous improvements in the quality of your care

Information about clinical trials and new treatment options

Access to breast cancer-related information and education

Mental health support, financial guidance, survivorship care, and other long-term services

Ongoing monitoring of care and lifelong follow-up

What NAPBC Accreditation Means for You

If you or someone you love has been diagnosed with breast disease, we know you have many important decisions to make. But there's one thing you won't have to worry about—where to find the best possible treatment. That's because the best breast care is available right here at this NAPBC-accredited breast center. From start to finish, a collaborative team of breast specialists will handle your treatment with the greatest care, respect, and efficiency.

NAPBC only accredits breast centers that commit to providing the best possible care to people with diseases of the breast. We rigorously review and evaluate the performance of each participating center to achieve and maintain accreditation based on patient-first NAPBC standards.

The NAPBC encourages hospitals, treatment centers, individual physician practices, and other facilities committed to breast health to improve the quality of care available in their centers through breast-related programs, some of which focus on:

- Prevention
- Early detection
- Diagnosis
- Pretreatment evaluation
- Staging
- The most effective treatment
- Support services
