DR: DONALD C. BALFOUR

August 7, 1939

Dear Miss Grimm:

Mrs. Mayo, Mrs. Balfour and the entire family appreciated so much the representatives being here for the last rites for Doctor Will and we are grateful too for the messages which came from you and the others in the College. Doctor Will loved the College and its ideals and purposes and he sincerely believed in its future.

Many thanks to all of you for your thoughtfulness in cabling me your congratulations and good wishes. It meant a great deal to me to receive such a cable from the College. The ceremony went off with all the dignity which characterizes the educational functions in Great Britain. There were many who asked about the affairs of the College and displayed not only a great interest, but expressed appreciation of its purposes and what it has done.

With every good wish to all of you, in which Mrs. Balfour joins me, I am

Dr. Frederic A. Besley
Dr. Malcolm T. MacEachern

Dr. Bowman C. Crowell

Mr. A. D. Ballou

Mrs. M. T. Farrow

Miss Eleanor Grimm

October 11, 1939

Miss Eleanor Grimm Mrs. Marian Farrow American College of Surgeons 40 East Erie Street Chicago, Illinois

My dear Miss Grimm and Mrs. Farrow:

As I wired you, I am greatly disappointed that it will be impossible for me to attend the College meeting in Philadelphia next week. It has been these repeated disappointments of not being able to participate as actively as I should like in the work of the College that has lead me to write Doctor Crile today asking the Board of Regents to accept my resignation. I need not tell you with what regret I reached this decision, but it is only because of the bouts with my health which come most often in the fall of the year that I am forced to do so. I would also have the satisfaction of knowing that a place was being created on the Board for someone who could assume full responsibility better than I am able to do.

I am sorry to put you to the trouble at this late date of asking someone to take my place on the cancer broadcast and also in the symposium on Friday afternoon.

The intimate contact I have had with the College through the Board has made me realize more than ever before the part you have had in the accomplishments of the College. The unobtrusive efficiency with which you have done all this has gained the admiration and respect of everyone for you both.

Needless to say, my resignation from the Board will not lessen, and may even increase, my interest in the College and I will continue to be of whatever help I can.

With every good wish to you both, I am

Sincerely yours

dob:gt

January 3, 1947

Dear Miss Grimm:

The roses that you sent at Christmas were perfectly gorgeous and I wish you could have been here to enjoy them with us. We moved them from one room to another and they did add much to the joy of the Season which was the top Christmas Season for us for a long time because Mary and Fred were here. Mary is more wonderful than I can ever remember her and that is saying something.

From all sides, I hear what a splendid meeting the College had but I know how much they missed you there. However, I know also what a satisfaction it must be to you that the firm foundation upon which you have built the College over the past years is the reason that such great meetings can be continued.

I hope you are feeling better every day and look forward to seeing you when you come up for your recheck. Do make sure we are at home before you come and, of course, we want to have a good visit with you.

With my best wishes in every way for the New Year,

Yours sincerely,

Miss Eleanor K. Grimm American College of Surgeons 40 East Erie Street Chicago 11, Illinois

MAYO CLINIC ROCHESTER, MINNESOTA SURGICAL SECTION DR. DONALD C. BALFOUR October 10, 1950 CAN COLLEGE OF SU Miss Eleanor K. Grimm American College of Surgeons 40 East Erie Street Chicago 11, Illinois Dear Miss Grimm: I appreciate so much your immediate response to my inquiry about a room for us in Boston and look forward very much to seeing you there. I wish we could be there for Saturday and Sunday but we can't possibly leave here before Sunday morning and will not arrive until Monday morning. It is grand that you can come to Danville on the 4th and as I told you over the telephone, it will, as far as we are concerned, make the event a success. It was nice to hear how well you are and if anyone deserves good health, you do. Donald C. Balfour, M. D. DCB:ma

MAYO CLINIC ROCHESTER, MINNESOTA

October 9, 1951

Miss Eleanor K. Grimm

American College of Surgeons
40 East Erie Street
Chicago 11, Illinois

Dear Miss Grimm:

It was nice of you to write about the meeting, but it would have been better if you could have omitted the second paragraph which refers to your retirement. It doesn't seem possible, but I understand after our talk about it when I last saw you that it is inevitable. The College will never be quite the same as far as I am concerned if you are not there and it will be a sad day for me when you retire.

My guess is that you will welcome the freedom that you will have for traveling to your hearts content and for carrying on your old interests and developing new ones, and that you will have in many ways a busier and happier life for the opportunities you will have. I do hope that you will include us in your travels after you get free of your responsibilities. There is nothing that Mrs. Balfour and I would enjoy more than to have a good visit with you here.

Looking forward to seeing you at the meeting, I am

Sincerely yours, Jacquer

MAYO CLINIC ROCHESTER, MINNESOTA October 23, 1951 EMERITUS STAFF Miss Eleanor K. Grimm American College of Surgeons 40 East Erie Street Chicago ll, Illinois

Dear Miss Grimm:

I met Dr. and Mrs. Allende yesterday and had a fine visit with them and will probably see them again before they leave for the West. In any event. I can renew our acquaintanceship at San Francisco.

We are now making our plans for being there and unless some untoward developments take place with Mrs. Mayo, I will be there, but my guess is that Mrs. Balfour will stay in Los Angeles since one of Donald's children had a mild attack of polio about two weeks ago, and although there is no real residual paralysis there is some weakness in his back muscles and there will be plenty for Mrs. Balfour to do to help out with these next three or four weeks.

I still can't believe that this will be your last official Congress and even though it is most unpleasant to contemplate, I do want to be there to join in the universal regret of your retirement and appreciation for what you have meant to the College.

Donald C. Balfour, M. D.

DR. DONALD C. BALFOUR ROCHESTER, MINNESOTA November 20, 1951 Miss Eleanor Grimm American College of Surgeons 40 East Erie Street Chicago 11, Illinois My dear Miss Grimm:

Carrie and I are home safely and I must write and tell you that some guardian angel was watching over you when you decided to take a slower train home and were not involved in that terrible collision on the Union Pacific.

It was certainly wonderful to see all the tributes that came to you at the meeting and I was very privileged to be there. Most of all, I am so happy about your philosophy of retirement. My guess is that you will have the best years of your life when you really begin your so-called retirement. You have friends everywhere in the wold who would be delighted to see you and since you love to travel and enjoy people the way you do, I am sure you will have a long and happy life to look forward to.

I hope we see you often and always with our affectionate regards.

Sincerely yours,

DCB:ma

October 21, 1952

Miss Eleanor Grimm
Route #1 Box 67
Burlington
Wisconsin

My dear Miss Grimm:

Carrie and I are so happy to know of the wonderful trip you are having, and we appreciated your letter and the post cards. How I wish we could be with you. The memories of our visits to Great Britian and Europe are very precious to us, and we are talking seriously of going over again next year. I hope everything goes well in every way on the trip and that we will see you soon after your return.

The College meeting was a great success except it will never be the same for us without you there. The big crowd and the programs are getting better each year. Many of the problems are the same ones that have been wrestled with through the whole history of the College. So many of your old friends asked about you, and you were really missed and always will be.

Carrie and I have no definite plans for the winter except to get to California sometime in March. All the children were here for the dedication of the monument. Everyone is enthusiastic about the statues which is going some for things of that kind. We had a great many visitors from abroad this fall, and it does help out to have them here as far as I am concerned because there is no bar to the Emeritus Staff in many activities that are arranged for these visitors.

It has been wonderful to hear from you, and to know how much you are enjoying your trip. We will sure be glad to see you when you return.

Highest regards and best wishes.

February 20, 1953

Dear Miss Grimm, -

What a wonderful letter you have written to us: First, I must thank you for what you have said about the Martin Memorial lecture. It was not what I wanted to do, but apparently they are trying to make that Monday night meeting more interesting to a general audience than perhaps it has been in the past: at least, most of the audience stayed, I think, through the lecture and I kept it within thirty minutes.

Carrie and I were entranced with your trip abroad and the unusually interesting things you seemed to encounter. Of course, I am not surprised, because I know you have friends in every part of the world through your long association with the College, and I know how eager they all are to show their appreciation for what you have done for surgery in this country. I am sorry you were not longer in Rome. To me, it is the eternal city and I would certainly like to go there again and give more time to the innumerable inspiring places there are there. understand your enthusiasm for the Prado. So relatively few in this country are familiar with the magnificent works of art there, which will be just as wonderful thousands of years from now as they are today. I must tell you, when we see you, some of our experiences in Madrid and Barcelona and how wonderful some members of the profession were to us when we were all a bit under the weather. I know that you have memories, as you say, that will be imperishable, and you will be constantly running into people who have been over there and with whom you can compare notes.

I hope you are having a nice winter in Florida and when you get back to your home base again, do let us know: we shall use this as an excuse for getting down to Chicago! We are more or less back on a normal schedule again. Carrie and I were both under the weather during the Christmas vacation and we thought it wise to postpone for a while going out to see Donald and Jerry, though it is a terrible temptation to see the new grandchild. They are quite delirious over the fact that they have another girl.

Everyone here is well and I know all of your friends would join us in very best wishes, in every way, and in hoping that it will not be too long before we see you.

Sincerely yours,

Donald C.

To: Miss Eleanor K. Grimm Box 382, Winter Park Florida

DR. DONALD C. BALFOUR ROCHESTER, MINNESOTA May 7, 1957 Dear Miss Grimm -It was indeed good to have your greetings at the Easter season, and to hear of your activities, particularly in portrait painting. We shall look forward to seeing what you have done, and perhaps we can pick up some commissions for you around here, including one of myself although I am getting into the age group in which I have no particular desire to have evidences of advancing years put on canvas. However, Mrs. Balfour and I are both very well. Though we have not been away this winter, we are talking about some short trips for summer is apparently here, and do hope we will run across you somewhere before you return to Florida. I envy you your trip to the College meeting, and know how much it will mean to you to see the wonderful progress the College is making and to see old friends who will always be so happy to see you again. Our affectionate regards always and best Sincerely yours, Deeper wishes. Miss Eleanor K. Grimm . 1630 Hyde Park Street Sarasota, Florida

DONALD G. BALFOUR, M.D. ROGHESTER, MINNESOTA

October 1, 1957

My dear Miss Grimm -

It was indeed good to hear from you but disappointing to know that you are not getting up our way this summer. I still hope that before you return to Florida you will have a chance to drive over and see us. We would love to have a good visit with you.

I seem to miss more and more seeing old friends, and particularly meetings such as the College, to which you have added so much in the past, but my medical advisors tell me that I had better stay with the program that has kept me so fit in the last few months. However, I hope it will not be long before they will relent to some degree and it may be that we can get to Florida. If we do, I will surely let you know and hopeful that we may see you.

I can't tell you how much I look forward to seeing your manuscript for I know it will be a story which noone else could do and of great importance to the College, surgery and surgeons. I think the greatness of the College and its founders was in recognizing that the only approach to the elevation of surgery in this country was through such a program as they inaugurated. Any other would have been doomed. I hope in your book that this philosophy of the founders of the College will be emphasized.

Carrie and I are fine, and miss so much seeing you. With our affectionate regards,

Sincerely yours, Dee ac o Bac four

Miss Eleanor K. Grimm Route 1, Box 67 Burlington, Wisconsin My dear Eleanor

Mrs. Balfour, Mayo Family Member, Dies

Wife of Emeritus Foundation Director W.J. Mayos' Daughter

Mrs. Donald C. Balfour of Rochester,73, wife of the emeritus director of the Mayo Foundation for Medical Education and Research, died early today at home here after an illness of about six months.

Mrs. Balfour was the former Carrie L. Mayo, elder daughter of Dr. and Mrs. William J. Mayo. She was born in Rochester March 21, 1887, and attended public schools of Rochester and Rochester High School. She was later a student at the Baldwin School in Pennsylvania and at Wellesley College in Massachusetts.

She was married to Dr. Balfour May 28, 1910. Dr. Balfour, born in Toronto, Canada, in 1882, had been graduated as a physician from the University of Toronto in 1906, and had come to Rochester in 1907 as an assistant in pathology in the Mayo Clinic. In 1909 Dr. Balfour was appointed a junior surgeon and in 1912 he became head of a section of general surgery at the Clinic, a post he held until 1937, when he became director of the Mayo Foundation. He retired from that post in 1947.

KEEN MUSIC INTEREST

Like her husband, Mrs. Balfour was keenly interested in music, and on many occasions she presided at musical gatherings at the family home at 427 6th Ave. SW, where Dr. Balfour customarily played the pipe organ. Many notable musical figures, such as Marcel Dupre, celebrated organist of

POST-BULLETIN ROCHESTER, MINNESOTA 1960—5

MRS. DONALD C. BALFOUR

rans, France; Eugene Ormandy, conductor of the Philadelphia orchestra, and others, visited the Balfour home and sometimes participated in an evening devoted to music or talk about music.

The library of the Balfour home is where Mrs. Balfour's parents, Dr. Mayo and the former Miss Hattie M. Damon were married in 1884. The home, later extensively rebuilt and enlarged, was originally the old Damon family home.

In November 1960, Dr. and Mrs. Balfour gave their home to the Mayo Association and it is now being leased by the Rochester YMCA. The Balfours resided at a former home of her parents, 322 8th Ave. SW, at the time of her death.

MANY VISITS TO EUROPE

Mrs. Balfour also had a special interest in geology and mineralogy, and enjoyed traveling with her husband. They made many visits to Europe together, and had spent many winters in Tucson, Ariz., where Dr. and Mrs. William J. Mayo had a winter home, as well as in other places in the southwest. Despite her extensive travels, however, Mrs. Balfour's prime interests were always in the community and in her family, and her contributions to the welfare of the community as a whole were impressive, even though many of them were not known.

She is survived by her husband; a daughter, Mrs. H. F. Helmholz Jr. of Rochester; three sons, Dr. William M. Balfour of Lawrence, Kan., Dr. Donald C. Balfour Jr. of San Marino, Calif., and Walter Balfour of Marysville, Calif.; 18 grandchildren; one great-grandchild, and a sister, Mrs. Waltman Walters of Rochester.

Funeral services will be held at 1:30 p.m. Wednesday at the Congregational Church, of which she was a member. The Rev. Don A. Bundy will officiate. Private graveside services will be conducted at Oakwood Cemetery.

ducted at Oakwood Cemetery.
Friends may call at the Vine
Funeral Home after 7 p.m. today
and until noon Wednesday. The
family suggests memorials to St.
Marys or Rochester Methodist hospitals.

Pallbearers will be Drs. William McConahey, E. D. Henderson, O. H. Beahrs, J. K. Masson, M. Y. Colby Jr. and J. B. Erich.

Balfours Note 50th Wedding Anniversary

By JEAN HAGEN Post-Bulletin Staff Writer

Dr. Donald C. Balfour and the former Miss Carrie Louise Mayo at their golden wedding anniversary observance Saturday evening, stood on the same spot before the fireplace in their home at 427 6th Ave. SW where they were married on May 28, 1910.

It was the same spot in the nearcentury-old house where Mrs. Balfour's parents, Dr. William J. Mayo and the former Miss Hattie May Damon, were wed on Nov. 20, 1884.

With the Balfours as they relived the moment when their wedding vows were spoken and at their golden wedding dinner were their children and their spouses: Dr. and Mrs. Fred H. Helmholz of Rochester, Dr. and Mrs. William Balfour of Lawrence, Kan., Dr. Donald C. Balfour Jr. of San Marino, Calif. and Mr. and Mrs. Walter Balfour of Yuba City, Calif. All of their 18 grandchildren and one great-grandchild could not be present because of school-time.

February 23, 1961

My dear Eleanor Grimm:

You have no idea how much your wonderful and understanding letter means to me. Those who knew Carrie as you did will appreciate how blessed I am with the memory of our life together. You may not know that last May we had our 50th wedding anniversary and even though I knew (Carrie did not know) that her illness had an inevitable end, we filled our days and hours by repeating the happy experiences which we had in the past, visiting with lifelong friends like yourself, traveling in this area and living just by ourselves at the farm through the summer and fall added to the wonderful memories that I have. You will understand that the loss of her companionship is lessened by the thought that she was spared further suffering from a condition which gave rise to pain which was very difficult to control.

Carrie spoke so often of how much she enjoyed seeing you not only through the years but particularly when you came to see us here this summer and I do hope that when you return from your trip around the world, you will stop by and tell me all about it

Thanks so much for your letter and I hope that you will have a wonderful trip and be Sincerelly yours, Backer well and active for many years to come.

January 8, 1962

My dear Miss Grimm:

Thank you so much for your
Christmas greeting and the extraordinary account
of your 'round the world tour. I have never read
one that was more interesting in its compactness
and you may be in serious trouble with travel agencies
for making it easier for the people contemplating
such a trip to stay home and read the record of
your experiences! It will be wonderful to see
you and hear more about it all, but in the meantime,
I hope you will have a pleasant winter and that
some time next summer you will be this way again.
Mrs. Balfour and I have always had treasured memories
of our friendship with you.

Sincerely yours, Backer

My dear Miss Grimm:

I appreciated so much your lovely cards from abroad, and I envy you for the wonderful experiences you have had. I look forward so much to seeing you sometime this winter, but although I am very fit I still am curtailed in my traveling.

We have had a delightful summer here, and it was particularly joyful for me since all of the family and many of the grandchildren were here at various times; they all got together to celebrate my 80th birthday.

You were most thoughtful in remembering how I enjoy hearing from you and I do hope to see you before too long.

With my affectionate regards and best wishes.

Dear Donald Balfour, -

lipon my return to Sarasota, I have learned of the death of your Father. I had heard from him before I sailed for a Mediterranean (ruise in the Spring, and also during the (ruise, for I had sent him my itinerary. He and your Mother wheavy expressed as interest in my travels, so through the years I had kept them informed of my goings and comings, and each (hristmas bent them an account of my travels during the given year. I had a wonderful four days at the Balfour Farm in 1959. Drive up there from Browns Lake in Wisconsin (near Lake Geneva) where I was spending the summer with my Sister. We had such delightful visits. Then your beloved Mother passed away. And now your wonderful Father has joined her.

I had spent a we k in (hicago, and then some time in the Ozarks. On the afternoon of July 24, which I was in (hicago, I put through a call to your Father in Rochester. The housekeeper answered. I identified myself to her, and she said your Father was not at home, but was expected later in the day, as I understood her. She asked if there were any way he could reach me. Unfortunately there was not, for my Nieve and Nephew were waiting to take me to dinner, and to the train in the early evening. I am so very sorry that I did not have this last opportunity to talk with your Father, f or I believe he passed awazy the following day. We had always had such interesting talks about the men in the surgical profession whom we both knew and had known.

or. Donate C. Battour, 30, internationally known gastric surgeon who joined the Mayo clinic in 1907 and was director of the Mayor Foundation from 1935 until his retirement in 1947; in Rochester, Minn.

July 25, 1963

While in Chicago I spent a Sunday with the Kochs. Dr. Koch had great admiration and affection for your Father, and we spoke of him during my visit. We also spoke of you and your family. Alice Mason, Mike's widow, was there, and she is wonderful.

It is a long time since our paths have crossed, but I still recall with pleasure my visits with form you and gerry before, during, and since the War, in Chicago, in Boxton, in Rockester, and most recently in Los An= geles. Your Mother and Father were there at that time - in 1953 - when I had a trip through the West. Your Father was in the hospital; your Mother, Jerry, and I went to the Paramount Studios, at the invitation of Dr. Strathern, and met up with Bing (rosby who was making a picture - one f the "On the Road to" series. Then I had dinner with all of you, including your Brother, Walter, who was then visiting Los Angeles. These are all such pleasurable and vivid memories. I hear at least once or twice a year from Mary Lou and Christ Putman His Father passed away this Spring. I am making my home in Sarasota since I retired from the American College of Surgeons in 1952. This is the 50th Anniversary of the organization of the ACS. I joined the staff, as Dr. Franklin Martin's Secretary, on September 8, 1913 - just about 50 years ago. I shall be everlastingly grateful for the experience that was mine - in being a part of at the very beginning of what was and has continued to be so great a force in the surgical world. I have recollections of the privilege of meeting the great men through the 40 years of my association with the College - outstandingly the Mayos,

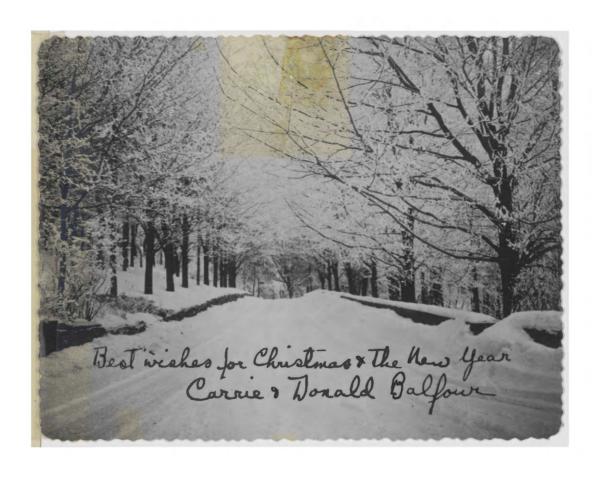

Page 3 - Donald Balfour
and your own Father who was greatly beloved by the men
of the profession.

My heartfelt sympathy to you, and to your Sister Mary,
to your Brothers, William and Walter, and to all of
your and their children in the great loss that you
have all sustained. And my grateful thanks to all
of you for the lasting memory I have of my association with you.

Perhaps our paths may cross once again. Until that
time my affection and all good wishes.

Always sincerely yours,

(Signed) Eleanor Grimm

Therey Christmas and our best
wishes for the coming year.

Jerry and Don

160 South June of

4, Col.

Thanks so much for your postcard from H. Landerdale and now your Christmas card and havely note. I'm happen to report Don is feeling better every day. We are most gratiful he is still with us
Your traveling founds marvelous but why not include California? So pleased to hear your are include California? So pleased to hear your are taking art lessons - I aspire to that someday. The children are all well & busy. David built his "car" with a HP engine & he really travels. He in 8th goads; Donnie in 7th & more conscientions than ever; the twins in 4th & Cut Scouts still (my 5th streight yo. as Den Mother); Carolynis in 2 nd & Mary in warsey shop! I got a late start on Christmas but I think Santa's ready. Our warmest quetings - lave to you - Jerry

Dear Miss Grimm, 160 South from It

It was wonderful to bee Jour and our
only regret was that we didn't have more
time with you. It is good you went to Heida
though for the past two weeks have been coed!

It has been such fun remembering
our exciting morning at Paramount and
Jim most grateful to you and Dr. Strathbain.

We had a busy time here last week with
the Ama - Don gave a paper and had an exhibit
and we had house greats and other friends
drapping in all week. It was good fun
Thope you are really relaxing now
But don't foreget California a come back soon
Hand you again and our very best to you - fun

Dear miss grimm.

The Balfaure were as pleased to are

you and reported that you lashed

wonderful. Sorry our trip there

in October couldn't have coincided

with yours.

So happy you had such a marvelous

trip to fouth america — but not

so happy that you're cantent in have

all well here and lashing jarware

to Christmas. Hape you have happy

christmas and good 1956 - Fandly, Jury

I had to address another envelope when

your could a rise note come. Thought you were

to be with your sister for Christmas. Now rise

that you found such a delightful sport to spend

the winter.

Dongave a paper at the Western Surgical a how

we missed seeing you! Dr. Koch took us to lunch

the had a few brief chots with the Masons.

altogethes it was a wonderful trip - a few days

in albuque que with my family, then Chings

where we saw lots of old friends, I am to Rochester

for 10 grand days with the Balfours.

Hope you have a happy Christmas and

pleasant winter - Come back soon! Sove, Juny

Character, strength and desper understanding can always come with Glad and the Children

Wire wandering where your travels have taken you this year and where you, will be for Christmas. We are all well and Thriving -David is in Boy Scouts this year; Donald in his last year of Cuba (I'm den mother again) and both bersy with Church Chair, dancing, tennis, * pians lessons. The truins are in 2 regrade - reading a writing very well this year. They's taking pians las but playing more fastball than pians! Carolyn is 5, loves kindligarten & rides her awheel like everywhere. Mary is not mischief constantly but completely irreas. table! I'm is working much too hard. The Balfaurs will be aut in January and we can hardly wait. Our best to your always - Jerry

THE BESLEY-WAUKEGAN CLINIC 215 NORTH SHERIDAN ROAD WAUKEGAN ILLINOIS FREDERIC A. BESLEY HAROLD C. OCHSNER SURGERY INTERNAL MEDICINE May 20, 1936 Miss Eleanor Grimm 40 East Erie Street Chicago, Illinois Dear Miss Grimm: Last night as you read the revised minutes of the Sunday meeting, I was again impressed with your great value to the College and to the promotion of harmony. The report of the meeting and of the discussion was accurate and yet there was nothing injected that would lead a reader to believe that there had been any dissension or friction. That is as it should be. All credit to your umusual intelligence and understanding. I confess that I was very much surprised to learn of the plans that you and Mac spoke of and knowing you both as I do, I am sure that you never indulge in speculative gossip or in anticipation of trouble. This makes the situation seem more serious to me, although I doubt very much, if such a plan could receive the support of the Fellows of the Board. I feel there is no need of und capprehension, although reasonable steps must be taken to combat any such plan which I feel certain would not be in the best interest of the College. It is difficult for me to express to you in words how much I appreciate what your constructive work means to the College. This is said honestly and sincerely. You are working a bit too hard, so please plan for a vacation this summer and I shall try and arrange for you to get it. With my very kindest and best wishes, I am Cordially yours, Frederig Besle FAB: B Frederic A. Besley

DR. FREDERIC A. BESLEY THE BESLEY - WAUKEGAN CLINIC 215 NORTH SHERIDAN ROAD WAUKEGAN, ILLINOIS

October 22, 1934

Miss Eleanor Grimm c/o Franklin H. Martin 54 East Erie Street Chicago, Illinois

My dear Miss Grimm:

Again I am impressed with the efficiency and effectiveness of the whole administrative organization who made that great meeting at Boston run so smoothly.

On every hand one could observe the results of careful consistent preparation, and every detail connected with the meeting went with the smoothness that is almost unbelievable.

It is not necessary to say what a large part your efforts played in this very efficient machine, and I want to extend my personal thanks and appreciation of what you have done, and that which I know you will continue to do.

Will you please send me a list of the names who took part in the conference on Traumatic Surgery with their addresses so that I may send them a personal note of thanks to supplement the one that I know Dr. Martin will send to them?

May I suggest that you take a week off and do nothing, for I know you must be very tired and exhausted.

With my very sincere good wishes, I am

Cordially yours,

Frederic A. Besley

2 Office of Corps Surgeon, II Corps, American E. F., 19 September, 1918.

My dear Miss Grinn:-

Your most interesting letter came as a delightful surprise, and I cannot tell you how much I appreciate it. What you said of Mrs. Besley is most pleasing, and I can assure you that to enjoyed the association as much as you did. She often wrote to me about your kindnesses to her, and I want to tell you how much I appreciate all you did for her to make life more pleasant. It was very nice to get such direct news about the doings in Washington.

on the Council of National Defense dispensing with your services, so that you might have been allowed to come with us. I have often thought how valuable you would have been to us. As you probably know, I have been relieved from duty at the hospital; this is permanent, and I shall, no doubt, have no occasion to return for duration. I think it is quite possible, if not probable, that we may soon be in a position where your services would be invaluable, and, if so, I shall make every effort to secure them, provided it meets with your approval. Naturally, I should take no action about this until I have first communicated with you, and secured your consent. In many ways it is better for you to be where you are and, parhaps, you have fulfilled the larger mission there, but I think I know you well enough to appreciate your feelings and your desire to be a little closer to the more intense activities. I wish you would write to me frequently and keep me in touch with your movements and your desires.

Letters from Major Martin and Mrs. Donnelly are always a delight.

Thank you very much for that invitation to pay you a visit, and I think it needs no comment of mine to assure you that I should be delighted to accept. Please give my very kindest regards to the other girls in the office, whom I know, and tell them that I shall mever forget their kindness. With my very best wishes, I am

September 29th, 1917

Miss Eleanor K. Grimm,
C/o Council of National Defense,
Munsey Building,
Washington, D. C.

My dear Miss Grimm:

Hasten to tell you how delighted we were to hear from you. The day before your letter came I had received a letter from Capt. Blau telling me that he had been to Washington and stating what a nice girl Miss Grimm was. He was very much elated over his appointment to a position in the Navy and I am sure he will make good, for he was a very efficient officer and we had an opportunity of observing him under the stress and strain of excitement.

He was very much pleased with the reception Dr. Martin tendered him and was sure that his letter was a great help.

I understand that Mrs. Besley is coming to Washington next month and I wish that you would tell Mrs. Donnelley that you girls are to chaperon her and see that she behaves. From the way she has been working I do not think you will find she is a drone and I am sure that her industry will be effective.

We are still "carrying on" as the British say, doing all sorts of hard work. Our Convoys of late have been frequent and large, which means that every member of the organization has been kept busy from early morning until late at night and some of them all night.

The health of the entire organization is good and the spirit is so splendid that it passes understanding.

I need not say that I have regretted many times that I allowed any one to interfere with your coming. Be of good heart, however, for I am convinced that this great conflict is anything but over and I am sure that there

will be an opportunity for you to come over later, and perhaps in a larger capacity than the one we had to offer, for I am sure you are capable of filling such a place.

Please give my love to all the girls and my very kindest regards to all my friends in Washington.

Believe me,
Most cordially yours,

Major M. O. R. C. U.S. A.

Major Frederic A. Besley

Miss Eleanor Grimm Route 1, Box 67 Browns Lake Burlington, Wisconsin

Dear Eleanor:

Ruby and I were delighted to get your letter of the 5th. I am specially interested in your new job as I am one of the few living, active surgeons who attended the original organization meeting of the College in 1913. One historical fact I can give you is the motion regarding the secret divisions of fees was proposed by Doctor Miles Porter, of Southbend, Indiana, and seconded by Doctor William F. Metcalf, and Doctor Blain, of Detroit.

I still think that the success of the College is a monument to your personal efforts. We hope to take a trip to the West Coast of South America someday in the not too distant future. I doubt whether we will attend with the surgeons group this year.

You would hardly know the family now. Doctor Alex has four children, Shirley, who is married to Doctor Robert Berry of Ann Arbor, has three, Don is still single and in a surgical residency in Baltimore.

Should you come to Detroit at anytime in the future, be sure to let us know in advance.

Sincerely yours,

Alexander W. Blain, M.D.

Dear Eleanor:

It was nice hearing from you at Easter time. I was awfully sorry to see you leave your job with the College. Next to the death of Doctor Martin, I think that it is the greatest blow that the College has had since its conception.

Some time in the near future, I would like to see you and discuss the College affairs with you.

With kindest personal wishes from Ruby as well as myself, I am

Miss Eleanor K. Grimm American College of Surgeons 40 East Erie Street Chicago 11, Illinois

Dear Miss Grimm:

I am so sorry to learn that you have decided to retire following the meeting in San Francisco. One of the nicest things about serving on the Board of Regents has been that of working with you. You will certainly be missed greatly and I wish that you would continue in your work as long as your health permits.

Regarding item 19 mentioned on the agenda of the meeting, I shall have no report to make since unfortunately I was unable to attend the meeting of the International Society of Surgery in Paris. After I have talked to some of the people who attended the meeting, I may make a short verbal report. If you wish a written report, possibly Dr. Charles Puestow, who is Vice-Chairman of the American delegation, would be willing to supply it.

Sincerely yours,

Alfred Blalock, M.D.
